Hi Leif,

I finally got a hold of your address from Dawn down at the Hist. Society.

You have had several articles in the Messenger lately which I have really enjoyed. I'm so happy you're still interested in historical matters, and I just love your style of writing. Much of what the Messenger provides doesn't always interest me - I guess I live in the past.

So please keep me interested when you have time for another project. There's always something historical that needs to be uncovered!

Keep it coming...

Many
Thanks

Doug + Sarah -

Thank you both for your support
+ collaboration on the town's
conservation subdivision regulation
update, board member training
and the Ag + Open space planning
projects. It is gratifying to work
with a community that values planning
+ public engagements as much as
Canandaigua does.

I wish you both the best and
look forward to future opportunities
to work together. B.L. Barbara

Assessor's Report – December 6, 2021

This will be the final report submitted for the year 2021. It is hard to believe how quickly the year passed by. A look back reveals there were 108 residential sales recorded in the MLS for the Town of Canandaigua for the year 2021 (as of Dec 6th). 100 were single-family houses ranging from \$37,500 - \$5,000,000 with an average sale price of \$462,718 and a median value of \$327,400. The average days on market was 15 days. The average List/Sale ratio was 103%. There were also eight Townhouse transfers within the range between \$125,000 - \$450,000. The average days on market was 6 days. The avg List/Sale ratio was 97.8%.

By comparison, the MLS lists 158 residential sales for the year 2020. There were 142 single-family houses ranging from \$20,000 - \$2,850,000 with an average sale price of \$376,155 and a median value of \$280,000. The average days on market was 44 days. The average List/Sale ratio was 98.6%. There were also 16 Townhouses that sold within the range between for \$110,000 to \$405,000. The average days on market was 57 days. The average List/Sale ratio was 97.4 %.

I have included 2 charts showing the Town of Canandaigua number of sales and the median sale prices between 2016 to present. While the number of sales has slowed somewhat, the median sale price continues to rise (the data used to generate these charts is limited to sales that were publicly listed by a realtor and does not include those that were sold privately or listed by the owner).

Wishing you all a happy healthy holiday season!

Respectfully Submitted,

Pamela Post

- The United States Postal Service postmark (not a postage meter mark) is used as the payment date (RPTL §925). To make sure your envelope is post marked on / before January 31, take your envelope into the Post Office and ask them to hand post-mark your envelope

TOWN OF CANANDAIGUA
TOWN MANAGER MONTHLY REPORT

December 20, 2021

FINANCE

NYCLASS: Attached to my report is the most recent statement from NYCLASS regarding our reserve funds. Interest rates are down, and the interest income is also down accordingly.

LDC: Attached to my report is the update to date profit and loss statement for the LDC. The agenda includes a request from the LDC to authorize an amendment to their bylaws.

GENERAL:

ENHANCED LAW ENFORCEMENT: Attached to my report is the monthly enhanced law enforcement report from the Ontario County Sheriff's department.

COVID: As I have shared with you via email, we have had not less than five employees who have had to quarantine as a result of either testing positive for COVID-19 or a close family member testing positive. Two employees have had serious medical side effects, thus we are taking the situation very seriously. Additionally, as the Governor has directed a mask mandate, we have placed masks at the entrances to our buildings with hand sanitizer and encouraging everyone to practice social distancing and use masks. For the safety of our workforce, we continue to ask everyone to wear a mask at all times inside Town buildings.

CDGA FARMWD: Bids were opened this week for the water tank and booster project for the Canandaigua Farmington Water District. Bids came in \$4M over budget at over \$13M. In speaking with Supervisor Ingalsbe they will continue to explore options and then determine next steps.

Sincerely,

Doug Finch, Town Manager

Executive Summary of the Climate Smart Communities Program

For the Town of Canandaigua Town Board meeting December 20, 2021

For additional information visit: <https://climatesmart.ny.gov/about/>

Why Become Certified as a Climate Smart Community?

Help New York State lead the way on climate action! Certified Climate Smart Communities (CSCs) represent New York's foremost leaders in local climate action. Local governments that are designated as Certified CSCs have undergone a rigorous review process to confirm their completion of a suite of concrete actions that mitigate and adapt to climate change.

The benefits of participating in the Climate Smart Communities (CSC) Certification program include the following:

- Better scores on grant applications for some state funding programs, like [DEC's CSC Grants](#)
- State-level recognition for each community's leadership
- A robust framework to organize local climate action and highlight priorities
- Streamlined access to resources, training, tools and expert guidance
- Networking and sharing best practices with peers

By implementing certification actions, communities experience the following benefits:

- Cost savings through greater efficiency
- Greater energy independence and energy security
- Improved air quality from switching to clean energy
- Healthier, more walkable urban centers through smart growth
- Conservation of green spaces for recreation and biodiversity
- Reduction of future flood risk through climate change adaptation strategies
- Investment in an economy that supports sustainability and green businesses
- Greater engagement with residents who care about the future of their hometowns

Certification Overview

The Climate Smart Communities (CSC) Certification program is organized around the 10 CSC pledge elements. See the [Certification Framework](#) page for more details about each pledge element (PE). Your local government can earn points for taking action across several areas related to climate change:

- Forming teams and setting goals (PE 1 & 2)
- Energy use (PE 3 & 4)

- Solid waste management (PE 5)
- Land-use policies (PE 6)
- Enhancing community resilience (PE 7)
- Supporting a green economy (PE 8)
- Public engagement and commitment to an evolving process (PE 9 & 10)

The certification program recognizes communities for their accomplishments through a rating system leading to three levels of award: bronze, silver, and gold. (The gold level is currently under development.) Each level involves earning a minimum number of points and meeting certain requirements related to [priority actions](#) and CSC pledge elements. For example, to become a bronze certified CSC, an applicant must earn at least 120 points, complete at least one action under four different pledge elements, complete the two mandatory actions, and complete three priority actions. See the [Certification Levels](#) page for more details.

Program Goals and Principles

The goals of the CSC Certification program are to engage and educate local governments in New York State, provide a robust framework to guide their climate action efforts, and recognize their achievements.

The structure of the certification program is based on the CSC pledge elements that were developed in 2009. Participation in the program is voluntary. The program is designed to encourage ongoing implementation of actions that reduce of greenhouse gas emission and help communities adapt to the effects of climate change.

The following design guidelines were used to develop the rating system:

- **Broadly Applicable:** The program is designed to be applicable and useful to all local governments in New York State.
- **User Friendly:** The program has an organized, menu-based system, which allows local governments to select actions that are most appropriate to their local goals.
- **Acknowledges Early Adopters:** Local governments can earn points for some actions that were implemented in the past and represent early engagement with the program.
- **Promotes Ongoing Action:** The framework and overall program are designed to drive ongoing action toward achieving goals.
- **Rewards Leaders:** Bonus points can be awarded for local governments that demonstrate performance improvements or innovative strategies.

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of certain legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

Be it enacted by the Town Board of the Town of Canandaigua as follows:

Section 1. Legislative Intent

It is the intent of this local law to repeal Town of Canandaigua Local Law No. 6 of the Year 2021 which overrode the limit on the amount of real property taxes that may be levied by the Town of Canandaigua pursuant to General Municipal Law § 3-c, and to allow the Town of Canandaigua to adopt a budget for the fiscal year 2022 that requires a real property tax levy in excess of the “tax levy limit” as defined by General Municipal Law § 3-c.

Section 3. Tax Levy Limit Override Repeal

The Town Board of the Town of Canandaigua, County of Ontario hereby acknowledges the adopted budget for the fiscal year 2022 requiring compliance with the real property tax levy proscribed in General Municipal Law, §3-c.

Section 4. Severability.

If any clause, sentence, paragraph, subdivision, or part of this Local Law or the application thereof to any person, firm or corporation, or circumstance, shall be adjusted by any court of competent jurisdiction to be invalid or unconstitutional, such order or judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, or part of this Local Law or in its application to the person, individual, firm or corporation or circumstance, directly involved in the controversy in which such judgment or order shall be rendered.

Section 5. Effective date.

Vendor desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts located in the United States (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires March 26, 2025, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended up to one additional one-year period upon request of Sourcewell and with written agreement by Vendor.
- C. **SURVIVAL OF TERMS.** Articles 11 through 14 survive the expiration or cancellation of this Contract.

All Equipment and Products provided under this Contract must be new/current model. Vendor may offer close-out or refurbished Equipment or Products if they are clearly indicated in Vendor's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Vendor warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Vendor warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Vendor's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the Vendor's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution, Vendor will make available to Sourcewell a means to validate or authenticate Vendor's authorized dealers, distributors, and/or resellers relative to the Equipment, Products, and Services related to this Contract. This list may be updated from time-to-time and is incorporated into this Contract by reference. It is the Vendor's responsibility to ensure Sourcewell receives the most current version of this list.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced as stated in Vendor's Proposal.

When providing pricing quotes to Participating Entities, all pricing quoted must reflect a Participating Entity's total cost of acquisition. This means that the quoted cost is for delivered Equipment, Products, and Services that are operational for their intended purpose, and includes all costs to the Participating Entity's requested delivery location.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Vendor must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable

time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery.

Vendor must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcwell may declare the Vendor in breach of this Contract if the Vendor intentionally delivers substandard or inferior Equipment or Products. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Vendor as soon as possible and the Vendor will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

B. SALES TAX. Each Participating Entity is responsible for supplying the Vendor with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. HOT LIST PRICING. At any time during this Contract, Vendor may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Vendor determines it will offer Hot List Pricing, it must be submitted electronically to Sourcwell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcwell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Vendor may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcwell Price and Product Change Request Form to the assigned Sourcwell Contract Administrator. This form is available from the assigned Sourcwell Contract Administrator. At a minimum, the request must:

- Identify the applicable Sourcwell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing

restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities. Vendor will only offer products and services to Participating Entities located in the United States.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Vendor understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Vendor is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

B. PUBLIC FACILITIES. Vendor's employees may be required to perform work at government-owned facilities, including schools. Vendor's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Vendor that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Vendor. Typically, a Participating Entity will issue an order directly to Vendor. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration of this Contract; however, Vendor performance, Participating Entity payment, and any applicable warranty periods or other Vendor or Participating Entity obligations may extend beyond the term of this Contract.

Vendor's acceptable forms of payment are included in Attachment A. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Vendor, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Vendor will require Participating Entity's acceptance of Vendor's then-current Additional Terms and Conditions. To the extent that the Additional Terms and Conditions conflicts with the Contract, as between the Vendor and Participating Entity the Additional Terms and Conditions will govern. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be worked out directly between the Participating Entity and the Vendor. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in this Contract, the Participating Entity and the Vendor may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Vendor in the event of any of the following events:

The Administrative Fee must be included in, and not added to, the pricing. Vendor may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Vendor will submit payment to Sourcwell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Vendor's name and Sourcwell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcwell's banking institution per Sourcwell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Vendor agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Vendor is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Vendor in any subsequent solicitation. A. EQUAL EMPLOYMENT OPPORTUNITY. Except as otherwise provided under 41 C.F.R. § 60, all contracts that meet the definition of “federally assisted construction contract” in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. §60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 C.F.R. §, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 C.F.R. § 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.” The equal opportunity clause is incorporated herein by reference.

B. DAVIS-BACON ACT, AS AMENDED (40 U.S.C. § 3141-3148). When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. § 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 C.F.R. § 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations (29 C.F.R. § 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency. Vendor must be in compliance with all applicable Davis-Bacon Act provisions.

C. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT (40 U.S.C. § 3701-3708). Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations (29 C.F.R. § 5). Under 40 U.S.C. § 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into this Contract. Vendor certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Vendor must comply with applicable requirements as referenced above.

D. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT. If the federal award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental,

developmental, or research work under that “funding agreement,” the recipient or subrecipient must comply with the requirements of 37 C.F.R. § 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency. Vendor certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Vendor must comply with applicable requirements as referenced above.

E. CLEAN AIR ACT (42 U.S.C. § 7401-7671Q.) AND THE FEDERAL WATER POLLUTION CONTROL ACT (33 U.S.C. § 1251-1387). Contracts and subgrants of amounts in excess of \$150,000 require the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. § 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. § 1251- 1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). Vendor certifies that during the term of this Contract will comply with applicable requirements as referenced above.

F. DEBARMENT AND SUSPENSION (EXECUTIVE ORDERS 12549 AND 12689). A contract award (see 2 C.F.R. § 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. §180 that implement Executive Orders 12549 (3 C.F.R. § 1986 Comp., p. 189) and 12689 (3 C.F.R. § 1989 Comp., p. 235), “Debarment and Suspension.” SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Vendor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation by any federal department or agency.

G. BYRD ANTI-LOBBYING AMENDMENT, AS AMENDED (31 U.S.C. § 1352). Vendors must file any required certifications. Vendors must not have used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Vendors must disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award. Vendors must file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 U.S.C. § 1352).

H. RECORD RETENTION REQUIREMENTS. To the extent applicable, Vendor must comply with the record retention requirements detailed in 2 C.F.R. § 200.333. The Vendor further certifies that it will retain all records as required by 2 C.F.R. § 200.333 for a period of 3 years after grantees or subgrantees submit final expenditure reports or quarterly or annual financial reports, as applicable, and all other pending matters are closed.

I. **ENERGY POLICY AND CONSERVATION ACT COMPLIANCE.** To the extent applicable, Vendor must comply with the mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

J. **BUY AMERICAN PROVISIONS COMPLIANCE.** To the extent applicable, Vendor must comply with all applicable provisions of the Buy American Act. Purchases made in accordance with the Buy American Act must follow the applicable procurement rules calling for free and open competition. Because Vendor is not the manufacturer of the hardware it provides, it may not be able to certify compliance with the Buy American Act. Vendor will work in good faith to address Participating Entity concerns.

K. **ACCESS TO RECORDS (2 C.F.R. § 200.336).** Vendor agrees that duly authorized representatives of a federal agency must have access to any books, documents, papers and records of Vendor that are directly pertinent to Vendor's discharge of its obligations under this Contract for the purpose of making audits, examinations, excerpts, and transcriptions. The right also includes timely and reasonable access to Vendor's personnel for the purpose of interview and discussion relating to such documents.

L. **PROCUREMENT OF RECOVERED MATERIALS (2 C.F.R. § 200.322).** A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 C.F.R. § 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines. Because Vendor is not the manufacturer of the hardware it provides, it may not be able to certify compliance with the Solid Waste Disposal Act.

22. CANCELLATION

Sourcwell or Vendor may cancel this Contract at any time, with or without cause, upon 60 days' written notice to the other party. However, Sourcwell may cancel this Contract immediately upon discovery of a material defect in any certification made in Vendor's Proposal. Cancellation of this Contract does not relieve either party of financial, product, or service obligations incurred or accrued prior to cancellation.

Line Item	Question	Response *	
42	Do your warranties cover all products, parts, and labor?	Yes.	*
43	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	No.	*
44	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	No.	*

Assignment of subcontractors are managed based on location to customer and timeline based on customer's requirements.	*

Verizon Connect has a robust portfolio of OEM agreements, connecting more vehicles and equipment over-the-air without ever touching the vehicle. OEM partnerships mean vehicles are ready to use from day one with factory warranty coverage and allow for online activation without any need to take the vehicle or equipment out of use for installation.	*
47	What are your proposed exchange and return programs and policies?	Hardware devices do not require maintenance. Replacement devices will be received within seven (7) days. For some hardware options, there is no warranty needed as the hardware and replacements are included in the monthly cost. Other hardware options provide hardware warranty for one (1) year with options for extended warranties.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
49	What are your payment terms (e.g., net 10, net 30)?	Verizon Connects Payment Terms are Net 30.	*
50	Describe any leasing or financing options available for use by educational or governmental entities. Thereafter, a monthly subscription fee is paid to access GPS tracking and Diagnostics data.	*
51	Briefly describe your proposed order process. Include enough detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template. For example, indicate whether your dealer network is included in your response and whether each dealer (or some other entity) will process the Sourcewell participating entities' purchase orders.	<p>Customer's providing an electronic signature as part of completing a Verizon Connect electronic Order Form or submitting or signing an Order Form for products and services offered pursuant to the Sourcewell Contract indicates Customer's acceptance of the terms of the Sourcewell Contract, including Verizon Connect's additional terms and conditions. Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcwell Price and Product Change Request Form.

Line Item	Question	Response *	
53	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcwell discounted price) on all of the items that you want Sourcwell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Pricing for Verizon Connect telematics services (includes Verizon Connect NWF Inc., Verizon Connect Telo Inc., and Verizon Connect Fleet USA LLC) includes the following: - A one-time fee to purchase telematics hardware unit (units can be leased if required) - A monthly subscription fee to access GPS and diagnostics data - A one-time fee for professional installation (customer can opt to manage installation internally)	*
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The prices offered to Sourcwell for the three product platforms are being discounted between 0.36% and 100% from the standard Commercial Price List. Verizon Connect will also offer further discounts to our customers guaranteed quantity orders of 2,000+ units for hardware. The pricing offered for the products is in line and consistent with those currently provided by Verizon Connect and other vendors offering similar products and services.	*
55	Describe any quantity or volume discounts or rebate programs that you offer.	Tiered pricing can be provided based on the number of units purchased by the customer. Price reductions will be provided when customer achieves the next level of outlined unit volume, purchased.	*
56	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Verizon Connect does not have a process or method in place to facilitate "sourced" products and/or services.	*
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Installation is an optional service, as our customers may utilize self-installation via their internal, organizational technicians. Verizon Connect has relationships with numerous, certified installation partners that can assist our customers should they prefer their telematics units to be professionally installed. Installers are assigned based on close proximity to the customer's location, timeline required by the customer and the number of units and locations that require installation. The cost of installation services may be found in our proposed Price List. For the Networkfleet and Fleet for Government platform's professional installation is charged as a one-time fee and it is charged for installation and de-installation of devices. For our Reveal platform, professional installation is included in the the monthly service charge for the platform. Should the customer opt to self-install their devices, the customer's monthly fee would be lower than if they were to choose professional installation.	*
58	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	Not Applicable. Shipping is included in the price of unit.	*
59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Not Applicable. Shipping is included in the price of the unit.	*
60	Describe any unique distribution and/or delivery methods or options offered in your proposal.	The proposed platforms are provided as web-enabled, cloud-based services and are available at any time, from any supported web browser or mobile device. During initial implementation, units are shipped to installation locations and installed professionally by certified Verizon Connect partner companies (if required by customer), or may be installed internally by the customer.	*

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	Verizon Connect has a tracking report that is managed and reviewed for every government, public sector and non-profit opportunity that is managed. Metrics tracked include customers that are proposed/offered pricing, terms and conditions under the Sourcewell contract, revenue based on sales, solution which is priced under agreement.
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.) Re: 3535 NYS Route 364 - Mixed Use Overlay Adoption – Canandaigua Shores - Tax Map #98.19-1-20.100

Dear Ms. Bonshak:

Our client, Mr. Angelo Licciardello of ATL Contractors Inc. is requesting to adopt Mixed Use Overlay (MUO) Zoning #3 for the above referenced property. The applicant is currently under contract to buy the subject property from Carol L Eiffert. Please find attached letter of permission from the current owner for this application. Also please find attached conceptual and context plans for your reference.

Canandaigua Shores Townhomes will be located on a parcel currently zoned as R-1-20 within the Mixed Use Overlay #3. Mixed Use Overlay is requested on 15.56 acres of the 33.18 parent parcel. See attached Rendered Overall Site Plan for description of area to be rezoned. the parcel is currently vacant with land cover of mostly brush and trees. The parcel was previously subdivided from a neighboring residential lot and some barns that existed along NY Rt 364 were removed several years ago. The site has a range of topography with slopes ranging from 0-18%. The steepest slope is near the center of the site which runs north to south.

The intent of this petition is to rezone a portion of the parcel into MUO to allow for the construction of 12 townhouse buildings. The townhouse buildings will consist of six units each and there will be a maximum of 72 units. The units will be for rent to the public and will be owned and operated by the applicant. The units will be approximately 1800 square foot with 2 to 3 bedrooms each. The remaining portion of the parcel will remain under the traditional R-1-20 Zoning with a Scenic Viewshed Overlay and will be subdivided into 10 single-family parcels and will be owned privately. This development will also extend into the Town of Hopewell and connect to County Road 18. The property in the Town of Hopewell will be subdivided into 9 one-acre single family residential lots.

The development will require approximately 1858 feet of new dedicated road within the MUO. The road will be constructed as a rural collector road. Stormwater from the new development will be treated and retained in grass swales located near the townhouse buildings and a large stormwater pond will be located at a low point near the center of the property on the north side of the road.

This request has been generated based on the demand of residential units in this area of the town. The location is favorable as it is a short drive to parks and amenities in the City. It is anticipated that many of these rental units will be rented to older citizens of the town who may be downsizing as well as younger generations starting their careers and families.

In review of the Town of Canandaigua 2003 Comprehensive Plan which originated the need for Mixed (Multi) Use Overlays in these residential areas to promote "moderate density residential district(s)" and "create a more diverse housing stock". This development provides a moderate density of 4.6 housing units per acre which is comparable to 9,400 SF per unit. Most high density multi-residential communities

MarksEngineering

42 Beeman Street
Canandaigua, NY 14424

provide 8 units per acre or 5,500 SF per unit. The underlying zoning provides for one housing unit per 20,000 SF.

The townhouse style construction provides two level housing with various roof lines and aesthetically pleasing facades that will blend with the nature of the neighborhood. This section of town has diverse range of residential uses and architecture. The development is bordered by lakefront cottages and homes as well as Otetiana Cove located opposite NYS Rt 364, a mobile home park on the north side and various single-family residences. Otetiana Cove consists of 16 residential townhouse style condos. The proposed townhouses will be approximately 22' in height and patio style construction.

It is our opinion that this development meets the town's comprehensive plan in several ways. The following are goals outlined in the comprehensive plan and a brief description of how this development and rezoning will meet the town's plan for growth.

Resource Protection-

Protect Natural Resources – By clustering residential units on lands that do not have significant natural resources this will reduce the development pressure to build new homes in other areas of the town. Therefore, this may preserve natural resource in other areas of the Town.

Limit Expansion of utilities – This development has a public water and sewer available to the site. There is plan for utility extension within this development. The site is located entirely within existing sewer and water districts. No special districts will need to be formed for the new townhomes.

Housing –

Support future residential growth that makes Canandaigua livable for people of all ages, abilities, and income levels. – This development provides residential housing to meet the demand for housing middle income and retired families.

We hope you accept our application to change the zoning as outlined above for the subject parcel. This development proves to meet the intent of the comprehensive plan and the housing demand within the Town. As always please feel free to contact myself with questions or concerns.

Sincerely,

Brennan Marks, PE

Business Improvement District Uptown BID Plan

POTENTIAL

DISTRICT PLAN

The Town of Canandaigua Town Board finds the creation of the Uptown Business Improvement District (Uptown BID) is in the public interest, that all notice, mailing and hearing requirements have been complied with, that all properties within the district will benefit from the establishment and that all property benefitted is included in the boundaries of the district. As required by General Municipal Law, Chapter 24, Article 19-A, Section 980 this document shall serve as the district plan.

UPTOWN BID PURPOSE

The purpose of the Uptown BID is to legally establish a contiguous geographic area within which property and business owners make a financial investment through tax dollars to initiate, manage, and finance supplemental services for the maintenance, construction, landscaping, assistance or advancement of economic development, the Uptown area, promotion of diversity, inclusiveness, a vibrant mixed-use destination, and the Uptown BID. The Uptown BID is established to improve business for merchants, and the experience for visitors and residents of Canandaigua and to the Uptown area through the additional promotion of but not limited to such things as pedestrian traffic, multi-modal transportation, cultural and arts, events, information, marketing, supporting, and raising awareness of Canandaigua's cultural, economic, tourism, and commercial opportunities, while honoring the unique and diverse resources of the community.

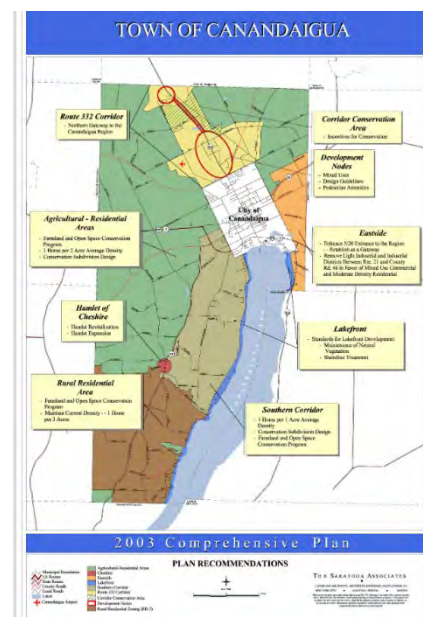

UPTOWN BID HISTORICAL PLANNING

The 2003 Town of Canandaigua Comprehensive Plan first identified an opportunity in the area just to the north of the City of Canandaigua in the Town of Canandaigua, as a mixed-use incentive growth node that very closely aligns with the 2021 Uptown area of the Town of Canandaigua.

In 2011, the Town of Canandaigua's 2011 Comprehensive Plan Update

affirmed the desire for a mixed-use area in the same corridor labeling a mixed-use overlay district to promote nodal development as a mix of land uses.

In 2015, the Town Board of the Town of Canandaigua adopted the zoning code regulations to enable the mixed-use overlay district as identified in both the 2003, and 2011 Comprehensive Plan while also accepting a report from the Finger Lakes Institute on Uptown called “Multimodal Transportation and Place-Making in Uptown Canandaigua” and authorizing the kickoff of a mixed use overlay team to work on the 2011 Comprehensive Plan goal 13, step 3, “review and

consider code updates to the Mixed Use Overlay districts to maximize opportunities for commercial development.” The project team kicked off and really began to come up with detailed opportunities by 2016.

In 2016, the project team with the support of the Town Board of the Town of Canandaigua began to explore the detailed build out of the Uptown Canandaigua area by applying for and then receiving (March 2017) an \$80,000 Unified Planning Work Plan Grant from the Genesee Transportation Council to further conduct an analysis and work with the stakeholders in the area of Uptown.

In July 2017, the Town released a Request for Proposals and in November 2017 the Town of Canandaigua awarded a contract to Bergmann Associates (Resolution No.2017-394). During 2018 the Town of Canandaigua held a series of public workshops throughout the community, and public hearings into 2019 before recommending the plan to the Town Board.

The Uptown Canandaigua Mixed-Use and Transportation Corridor Feasibility Study was adopted by the Town Board of the Town of Canandaigua on March 11, 2019 (Resolution No.2019-082).

The study is both a multi-modal transportation plan and couples with it an action-oriented economic development plan to transform the

approximately 1,280-acre Uptown Canandaigua Corridor.

The Town of Canandaigua adopted Uptown Canandaigua Mixed-Use, and Transportation Corridor Feasibility Study called for a priority analysis of policy and regulatory amendments citing, *“amendments to Uptown Canandaigua’s regulatory framework are needed in order to facilitate development consistent with the Future Land Use Vision”* (Uptown Study, pp134).

In the summer of 2019, the Town of Canandaigua released a Request for Proposals to help the Town conduct the analysis and recommend amendments as identified in the Uptown Study. On October 19, 2019, the Town Board of the Town of Canandaigua hired Bergman Associates (Resolution No.2019-199) to conduct the regulatory revisions analysis, hold public engagement sessions, and make recommendations for the addition of Form Based Code based on Bergmann’s proposal.

Throughout the remainder of 2019, into 2020 (some of which was remote due to COVID), and into 2021 Bergmann continued to work with the project team, the Town of Canandaigua, and held public workshops on the proposed Form Based Code (FBC) for the Uptown area of the Town of Canandaigua. In June 2021 the final draft of FBC was presented to the public by the project team, and the Ordinance Committee of the Town of Canandaigua began to review the proposal for adoption.

2021 Town of Canandaigua Uptown Form Based Code - Subarea Map

Following public hearings in July, August, and September 2021, on September 20, 2021, the Town Board of the Town of Canandaigua adopted a series of resolutions (Resolution No.2021-172, Resolution No.2021-214, Resolution No.2021-220, and Resolution No.2021-221) and local laws creating form-based code, rezoning certain parcels in Uptown to form based code, mixed-use subarea, and adding form-based code to the Town Code.

JOINT CONSOLIDATION AGREEMENT

THIS AGREEMENT, made this ____ day of December, 2021, is by and between the CANANDAIGUA FARMINGTON WATER DISTRICT OF THE TOWN OF CANANDAIGUA ("CFWD"), a Special Water District duly formed by the Town of Canandaigua Town Board ("Town Board"), with offices located at 5440 Routes 5 & 20 West, Canandaigua, New York 14424; and the ANDREWS ROAD WATER DISTRICT ("ARWD"), A Special Water District duly formed by the Town Board and also with offices at 5440 Routes 5 & 20 West, Canandaigua, New York 14424.

WHEREAS, this Joint Consolidation Agreement seeks to consolidate the ARWD into the existing CFWD; and

WHEREAS, New York General Municipal Law Article 17-A provides for the consolidation of two or more local government entities if together the consolidated local government entity forms a local government entity of a kind or class that is authorized under the laws of the State of New York; and

WHEREAS, the Town Board has the overall authority for managing the operation, maintenance and finances of each Special Water District serving the Town of Canandaigua ("Town"); and

WHEREAS, after their review, the Town Board has determined it is in the best interest of the Town to consolidate the above Special Water Districts to provide long term safe and reliable water supply for all customers in those districts, to maintain stability, and to reduce administrative and operational costs wherever possible; it has therefore directed the preparation of this Joint Consolidation Agreement; and

WHEREAS, the proposed water district consolidation will not result in any additional costs or debts to the district residents.

NOW THEREFORE, the Town Board, acting jointly as the governing body of the CFWD as well as the governing body of the ARWD sets forth the following terms which constitute the Proposed Consolidation Agreement between the CFWD and the ARWD as required by NYS General Municipal Law Article 17-A:

1. Name of each Entity to Be Consolidated: The name of each local government entity to be consolidated is as set forth above.

2. Name of the Proposed Consolidated Entity: The ARWD is to be consolidated into the existing CFWD and thus the name of the consolidated entity will be the Canandaigua Farmington Water District (the post-consolidation Canandaigua Farmington Water District is referred to herein as the "Consolidated Entity").

3. Rights, Duties, and Obligations of the Consolidated Entity: The rights, duties and obligations of the Consolidated Entity will be the same as those for the

current CFWD (as more specifically set forth in New York State Town Law), except that those rights, duties and obligations will now also apply to a larger area which is to include the area of the ARWD. Those rights, duties and obligations include providing long-term, safe, reliable and economical water supply to the customers served. This is accomplished by, among other things: (1) establishing standards for the addition, upgrade, and maintenance of water infrastructure; (2) approving and overseeing construction of new water infrastructure by third parties; (3) managing contracts to replace and upgrade existing water infrastructure; (4) overseeing and performing maintenance on existing facilities; (5) monitoring the condition of water infrastructure; (6) establishing priorities and budget estimates for water infrastructure improvements; (7) ensuring compliance with environmental and health regulations and permits; (8) developing the district's operating and capital budgets; and (9) coordinating budget development with the Town's capital and operating budgets.

4. Boundaries of the Consolidated Entity: The boundaries of the Consolidated Entity shall be the same as the current boundaries of the CFWD (which boundaries are available for public inspection at the Canandaigua Town Clerk's Office), except as expanding by the addition of the ARWD.

5. Type of the Consolidated Entity: The Consolidated Entity will be a Town Water District.

6. Fiscal Estimate of the Cost and Savings Which May be Realized: The consolidation of the entities will result in savings through elimination of duplicative administrative costs associated with planning, budgeting, and accounting and operations costs associated with, among other things, water sampling. The consolidation will result in financial savings primarily through the elimination of duplicative administrative bookkeeping and operational costs. No improvements are required to complete the consolidation of these districts. There will be no additional cost to the Town or to Town Residents as a result of the consolidation.

7. Each Entity's Assets:

(a) The CFWD's assets consist of underground infrastructure piping, water mains, fire hydrants, pump stations, miscellaneous facilities including air relief valves, pressure reducing valves, backflow protection devices and other watermain appurtenances, and equipment used to maintain the system. Detailed infrastructure information is available for public inspection at the Canandaigua Town Clerk's Office.

(b) The ARWD's assets consist of underground infrastructure piping, water mains, fire hydrants, and miscellaneous facilities including air relief valves,

pressure reducing valves, backflow protection devices and other watermain appurtenances. Detailed infrastructure information is available for public inspection at the Canandaigua Town Clerk's Office.

8. Each Entity's Liabilities: The CFWD has no debt. The ARWD has no debt. No new debt is to be incurred by the consolidation.

9. Terms for the Disposition of Existing Assets, Debt, and Liabilities: All assets of the CFWD and the ARWD will become assets of the Consolidated Entity. Any existing debt of each water district will become the debt of the Consolidated Entity.

10. Administration of Laws: The Town Code regarding water districts and New York State Law regarding water districts will be applied against the Consolidated Entity as a single Town of Canandaigua Water District (which will be comprised wholly of the existing CFWD and the former ARWD). Local Laws, Ordinances, Resolutions and Orders affecting the Consolidated Entity would continue to be administered and enforced by the Town of Canandaigua Water Superintendent and/or the Town's Code Enforcement Officer.

11. Effective Date: This consolidation shall be effective immediately upon the completion of the procedures for effecting this consolidation under NYS General Municipal Law Article 17-A.

12. Time and Place of Public Hearing: Pursuant to Article 17-A of the NYS General Municipal Law, the Town Board of the Town of Canandaigua held a public hearing at the Town Hall, located at 5440 Routes 5 & 20 West, Canandaigua, New York 14424 on Monday, December 20, 2021 at 6:00PM for the purpose of conducting a public hearing on the proposal to consolidate the CFWD with the ARWD at which time and place all persons interested in the subject thereof were heard concerning the same.

IN WITNESS WHEREOF, the parties herein have executed this Proposed Joint Consolidation Agreement as of the date first written above.

Good morning,

Many of you appointed Mary Beer as your Health Officer. And for many of you the appointment will expire at the end of this year. If so, you will need to pass a new resolution, as will the County, and enter into an extension of the IMA. I will prepare the draft resolution and IMA.

Please let me know if you would like to continue that arrangement.

Thank you,
Holly
