

1. The applicant, Leo Genecco & Sons wishes to subdivide the property into four separate parcels: three small lots at 0.506, 0.388, and 0.386 acres, and the remaining land of the parent parcel at 49.024 acres.
2. Parcel **IS** located in Ontario County Ag District 1.
3. Parcel **IS NOT** currently farmed.
4. Parcel **DID NOT** receive a rating from Ag Enhancement Plan.
5. Property **DID** receive a rating from the Open Space Master Plan. It was rated low. However, note that a wetland was recently delineated on this property so it likely would have rated higher had that been mapped at the time of the Open Space plan writing.
6. Property **IS NOT** in the Padelford Brook Greenway
7. Property **IS NOT** in the Strategic Farmland Protection Area
8. Property **IS NOT** in the Strategic Forest Protection Area

Comments:

1. The committee feels that the land has no agricultural value at this time. There is development encroaching from all sides which would make this parcel difficult to farm. The proposed subdivision of land does not appear to be a threat to agriculture nor does it appear that this would impact the nearby protection areas.

MOTION: “The Agriculture Advisory Committee recommends the Town of Canandaigua Planning Board find the proposed project DOES NOT cause a loss of agricultural lands for the Town of Canandaigua.”
