

## MEMORANDUM

**TO:** Scott Smith – Randsco Pipeline  
Patrick Smith – Caldwell Tanks, Inc.  
Lisa Walworth – MW Controls  
Jason Rudich – John W. Danforth Company

**COPY:** Town of Farmington  
Town of Canandaigua  
Dave Herman – MRB Group

**FROM:** Bill Davis

**DATE:** January 19, 2022

**MRB GROUP PROJECT NO:** 0610.19002

**RE:** Canandaigua-Farmington Brickyard Road Tank  
Project

---

As you are aware the Town of Farmington received bids on December 14, 2021 for the Canandaigua-Farmington WD Brickyard Road Tank and Transmission Main Project. Our understanding is that the Town's intention is to move ahead with the project and is working to obtain additional financing. However, due to the discrepancy between the construction costs based on bid pricing and the original project budget, the Town will need to re-authorize the bonding amount. This may take the Town additional time to complete.

Based on Article 2 of the Bid Form "...This bid will remain subject to acceptance for 60 days after the Bid opening, or for such longer period of that time that Bidder may agree to in writing upon request of Owner". On behalf of the Town of Farmington, we are requesting that the bidders hold their bid pricing for an additional 30 days (total of 90 days from bid opening) in order for the Town to complete the bond authorization and solidify funding for the project. Notice of award would be planned to be executed by the town upon completion of the bond authorization and within the 90 day request.

By signing below and returning this form by January 28, 2022 you confirm that you will honor the bid pricing until 90 days after the bid opening. If a response is not received, the Town may consider the next bidder or potentially re-bidding the contract.

Please do not hesitate to contact our office with any questions or concerns regarding this request.

Caldwell Tanks, Inc.
