Hi Pat,

I looked at the materials we have and I am unable to find it. Would you fill another one out for us? Thanks.

Hi Anthony,

We received the application for the proposed work @ 5610 Buffalo Street Extension. It looks like we require signatures on the following (attached);

- PB App (pg. 3)
- Soil Erosion App (pg. 4)
- New Structure App (pg. 4 and 5)
- Also, an Ag. Data Statement is needed. I'm attaching a Special Use Permit, the ag data statement is within it. I apologize, I don't have a pdf of the isolated ag data statement page.

Please try to have these handed in by the end of the day today. Without signatures the application cannot go to PRC. If you have any questions the best way to contact me is here on my email. I'll make sure to check regularly.
