Eric,

Can you please contact me today to talk over the Butler rd project. The owners do not want to proceed with a use Variance, but they still do want to build a barn. They have decided to make it only for storage and his motorcycles. They still want it in the same place, but the roof will now be a standard height. Thank you

**Subject:** RE: Zoning Law Determination for 5010 Butler Road

Eric,

As we discussed a moment ago, the application will be deemed incomplete until materials are received for the Use Variance. It will not be on the agenda for the July 21 Zoning Board meeting.

Following up on this, if no use variance application is received or changes to the application are made, it will be deemed incomplete. Can you provide me with an update?

You will see that the determination requests an application for a Use Variance and Site Plan. If you would, please give me a call to discuss.
