James,

It is my understanding that, at last night's Planning Board meeting, the Town became aware that the applicant would like to commercially store boats outside of the proposed building.

If this is true, you would need to submit an additional application for a Special Use permit to be heard by the Planning Board at next month's meeting. Additionally, the site plan must be updated to include the areas to be used for storage as well as any site screening and surface improvements for storage. This information is detailed in Town Code Section 220-43, found here: <http://ecode360.com/27645903>.

Please call if you have any questions.

Eric A. Cooper

Zoning Inspector
Town of Canandaigua
