

Consultants,

The Town of Canandaigua has made two revisions to its Request For Proposals (issued September 17, 2009). The changes reflect the allowed duration of project work and the maximum fee, as noted in the "Fee and Timing" section on page 7 of the RFP. This original section is being replaced in its entirety by the following new wording:

Fee and Timing

The budget for all consultant work, including all reimbursables, is limited to \$50,000. The Town will require that all plan update work be fully completed within nine (9) months from commencement. Cost conscious and time sensitive proposals will be given a priority.

There are no other changes to the RFP. The deadline for submission of consultant proposals remains the same: no later than 4pm, Friday, October 23, 2009.

We apologize for any inconvenience. Please call me if you have any questions on this matter. Thank you.
