Subject: Application No. CPN-19-070: 2970 County Road 10

The Ontario County Highway Engineer staff has reviewed the above referenced development application for 2970 County Road 10.

The driveway shown on the plan already has a permit issued by this office on February 7, 2017 and designated Permit No. 2-1-17.

The permit transfers with the ownership of the property.

Since no change to the driveway is indicated on the development plan, no new permit is required.

The Ontario County Department of Public Works has no further comments to offer at this time.

Thank you for affording us the opportunity to review this application.
