Attachments: 19-251 SITE PLAN 01.10.20.pdf

See attached. The structure height was adjusted to 35 feet because Keith wants a second floor for more storage.

Hi Brennan,

Just wanted to let you know that we still need you to send us a pdf of the site plan for 3060 County Road 10. Please send that to us as soon as possible.

Also, the site plan mentions that the height of the proposed structure is 30' when the application states that it will be 35'. When you get the chance, could you send us a separate email stating what the proposed height will be?

Thank you,

Kyle Ritts
