DiMarco has moved the right of way so we will no longer need to go across the Rosato property. We will use the driveway into Creekview to access the tower. My attorney and attorneys for DiMarco are finishing up the paperwork.

I do not know the answer to that question. I have copied in Keith for his input.

Hi Brennan,

I recently received an email from the OCPB asking about the project @ 3060 County Road 10, specifically the access to the broadcast antennae. This access has been abandoned and is being maintained by Creekview, correct?

Thanks!
