Canandaigua, NY 14424
Phone: (585) 394-1120 / Fax: (585) 394-9476

CPN #: 22-031

ZONING BOARD OF APPEALS APPLICATION

FOR: ☐ AREA VARIANCE ☐ USE VARIANCE ☐ INTERPRETATION

Permission for on-site inspection for those reviewing application: _____ Yes _____ No

1. Name and address of the property owner: Brian & Mary Wiser
8009 Arbour Hill Trl, Canandaigua, NY 14424

Telephone Number of property owner: 949 413 5954

Fax # _____ E-Mail Address: ma.wiser85@gmail.com

****If you provide your e-mail address, this will be the primary way we contact you****

2. Name and Address of Applicant *if not the property owner*: _____

Telephone Number of Applicant: _____

Fax # _____ E-Mail Address: _____

****If you provide your e-mail address, this will be the primary way we contact you****

3. Subject Property Address: 3981 Co. Road 16

Nearest Road Intersection: Wyffels Rd / Co. 16

Tax Map Number: 113.17-1-6.000 Zoning District: R1D

4. Is the subject property within 500' of a State or County Road or Town Boundary? (If yes, the Town may be required to refer your application to the Ontario County Planning Board.)

Please circle one:

YES

NO

5. Is the subject property within 500' of an Agricultural District? (If yes, an Agricultural Data Statement must be completed and submitted with this application – for use variance applications only.)

Please circle one:

YES

NO

(Continued on back)

6. What is your proposed new project and the variance(s) or interpretation requested?

Build a 12' x 17' storage shed for storing
summer boat/swim supplies, store household
supplies, store outdoor furniture, lawn mower,
garden equipment, etc. (electric)

7. Have the necessary building permit applications been included with this form? If not, please verify with the Development Office which forms are required to be submitted.

8. With your completed application for an Area Variance, attach a tape map/survey/site plan, elevation of the proposed structure, and other documentation necessary describing the requested variance(s) illustrating why it is practically difficult for you to conform to the Zoning Law.

All maps, surveys, or site plans shall accurately depict the property including all existing and proposed structures, setbacks, and dimensions. *All dimensions must be precise.*

9. With your completed application for a Use Variance, attach a current survey map/site plan of the subject parcel with a detailed description of the proposed use, a statement as to why you feel this use variance is necessary, and a completed Environmental Assessment Form.
10. With your completed application for an Interpretation, attach a current survey map/site plan of the subject parcel with a detailed description of the proposed use, a statement as to why you are appealing the zoning law determination, and a copy of the zoning law determination of which said appeal is requested.
11. If the variance requested is related to signs, attach a Sign Detail Sheet, a site plan, and colored renderings of the proposed signage, and any other documentation required in Article IX (Sign Regulations) of the Town of Canandaigua Zoning Law.

I have examined this application and declare that it is true, correct, and complete. I understand that my application and all supporting documentation will be examined by the Zoning Board of Appeals as an integral component of deliberations.

I hereby grant my designee permission to represent me during the application process.

Mary A. J. J. J.

APR 1 2022

Property Owner is responsible for any consultant fees
(Town Engineer, Town Attorney, etc.) incurred during the application process.

Please note that the **Property Owner** is responsible for all consultant fees during the review of this application including legal, engineering, or other outside consultants. Applications submitted to the Town of Canandaigua Planning Board will normally receive chargeback fees of at least five hours to ten hours for planning services including intake, project review, resolution preparation, SEQR, and findings of fact. PLEASE NOTE that the number of hours will be SIGNIFICANTLY INCREASED due to incomplete applications, plans lacking detail, or repeated continuations. Subdivision applications and larger commercial or industrial projects traditionally require more hours of engineering, legal, and other consultant review and preparation and will incur higher costs. Applications for new construction may be referred to the Town Engineer for engineering review which may include at least an additional eight to twelve hours of review time. The **Property Owner** will also be responsible for legal fees for applications submitted to the Town of Canandaigua Planning Board, Zoning Board of Appeals, or the Town of Canandaigua Development Office. Fees for engineering and legal expenses traditionally range between one hundred and one hundred fifty dollars per hour. A copy of the Town's annual fee schedule is available upon request from the Development Office or the Town Clerk's Office. The **Property Owner's** signature below indicates that the **Property Owner** understands that the **Property Owner** will be responsible for all outside consultant fees incurred as a result of the submitted application, and consents to these charges. Additionally projects approved by the Town of Canandaigua Planning Board may be required to pay a parks and recreation fee as established by the Town Board (currently \$ 1,000 per unit) if required as part of the conditions of approval.

TESTS FOR GRANTING AREA VARIANCES*

SEE ATTACHED

BE VERY SPECIFIC WHEN ANSWERING THESE QUESTIONS:

"Area variance" shall mean the authorization by the Zoning Board of Appeals for the use of land in a manner which is not allowed by the dimensional or physical requirements of the applicable zoning regulations. (Town Law Section 267, subsection 1.(b)).

In deciding whether to grant an area variance, the Zoning Board of Appeals takes into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety, and welfare of the neighborhood or community. (Town Law Section 267-b, subsection 3.(b)).

To enable the Zoning Board of Appeals to grant an area variance, the applicant must present substantial evidence concerning the following topics by providing supporting evidence for each. Attach additional sheets if necessary.

- (1) Whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the area variance.

- (2) Whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance.

- (3) Whether the requested area variance is substantial.

- (4) Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district.

NO

- (5) Whether the alleged difficulty was self-created, which consideration shall be relevant to the decision of the ZBA, but shall not necessarily preclude the granting of the area variance.

Question 1 :

Answer : We feel the addition of a new storage shed will enhance the property. It will give us storage for many items that are left outside year round tidying up the property as well as freeing up living space in the house. Adding board and batten siding and a sloped roof with a standing seam roof (new roof to match on house soon) to match the existing home will give a cohesive look to the property. We will also add lake friendly plants around the structure. The area is close to the road, close to main entry to the house and will not block lake views for our neighbors above or next to us.

Question 2:

Answer: In order to use the shed most efficiently, up on top of the hill makes the most sense to maneuver things in and out and in every season.

We currently are seeking a permit to convert 294sq ft of a lower level utility storage/ laundry room into more living space for our family. Doing so will take away all of our

storage space.

Currently we use the storage space and some of the living space to store outdoor furniture etc during the winter. We would like to have the ability to use the house year round when we have out of town family in for the holidays or family events. We cannot do that now.

Question3:

Answer: Our existing storage is 294sq ft.laundry/ utility room. On the lower level of the home.

We have three bedrooms and one bath. All the bedrooms are small including the closets.

Linen storage, towel storage, any kind of paper product is stored in the current utility room along with garden tools, water hoses, lawn mower, all utility equipment, paint, lawn furniture, paddle boards, life jackets washer and dryer etc.

Right now 10x10 allowance would not accommodate our needs. We have no other storage available. An additional 104 sq ft would be adequate to accommodate our needs.

Question 4:

Answer: We plan on addressing any kind of water discharge from the roof with proper drainage. See site plan.

Two pine trees will need to be removed. They are very tall

and rather scant in their foliage. They are very close to power lines.

Question 5:

Answer: Yes, We purchased this property in 2018. A dream for us for many years.

We saw it's potential to be updated as it was tired. It still has many original qualities that we love and want to maintain.

The previous owners were original owners. We would really like to keep true to the character they saw in this the house, but it does not have what is needed to operate efficiently today.

We have already put tens of thousands of dollars into the home and plan on more. We love Canandaigua and this home and want to share it with our children and grandchildren for many years to come.
