The site plan illustrates the proposed dock structure and associated infrastructure for County Road 16. Key features include:

- Property Lines and Easements:** The plan shows the boundary between N/F Jaclyn S. Litzelman & Michael W. Mann (Liber 1417 Page 35, T.M.# 127.05-2-8.000) and N/F Kristine M. Smith (Liber 919 Page 521, T.M. # 127.05-2-10.000). It also indicates the "West Lake Road" (R.O.W. Width Varies) and the "County Road 16" easement.
- Proposed Dock Structure:** The dock is shown with a cross-section indicating a maximum height of 15 feet above the mean high water line. The dock is situated on a rip rap shoreline.
- Water Features:** The plan shows the "Mean High Water Line" (102.48 LF) and the "Canandaigua Lake" shoreline.
- Infrastructure:** The plan includes a "Proposed Boat Accessory Structure (8x15) 15' Max Height" and a "Proposed Landscape Stair (By Others)". It also shows the "Rip Rap Shoreline" and the "Area = 0.024 Acre Between R.O.W. & Mean High Water Line".
- Utility Lines:** The plan shows "Elec. Service from Residence", "Sanitary Service to Tie into Existing Sewer Lateral", and "Water Service from Residence".
- Other Features:** The plan includes a "Guard Rail" and a "Proposed Landscape Wall (By Others)".
