Date: Tuesday, August 17, 2021 2:33:35 PM

In reference to Application No: CPN-21-063, 4655 County Rd 16:

The records in this office indicate that the leach field for this residence consist of a raised fill system. The extent of a raised fill system typically extends a minimum of 6-10 feet downhill of the last leach line. Any portion of raised fill should not be disturbed. Also, care should be taken to not disturb the wastewater force main, which appears to reside under a large portion of the proposed project.

Best,

Tyler Ohle, NYSECCP
Canandaigua Lake Watershed Inspector
Ontario County Soil and Water Conservation District
