TM #98.11-1-10.000

Requesting three variances and Single-Stage Site Plan approval for the tear down and rebuild of a single-family home on Canandaigua Lake. Variances requested as follows:

Front setback of 33.3 feet (16.7-foot variance) when 50 feet is required.

Building coverage of 29.1 percent when 25 percent is the limit.

Lot coverage of 49.9 percent when 40 percent is the limit.

**ECB Comments:** The Environmental Conservation Board (ECB) suggests that the Ordinance Committee review the requirement in the Town Code that lots on Fallbrook Park must be 125 feet wide when most lots are 50 feet wide. The ECB recommends that the interior and exterior of the existing cottage be documented by photographs

prior to demolition due to the historical nature of this cottage. The ECB also recommends that the applicant assure compliance with the Shoreline Development Guidelines regarding landscaping along the shoreline.
