Re. Jamie and Sarah Farr Residence

We, the neighbors backing to the shared green space, on the same side of the street as Jamie and Sarah Farr, residing at 3209 Daisy Way, Canandaigua, NY 14424, support their approval for a variance of 3'8" backing to the shared green space for the tasteful installation of an inground pool measuring 12'x24'.

We recognize that the entirety of the pool, the 3' concrete surround, and the fence will all fall within the homeowner's property lines and the variance will allow the end of the 3' of concrete, closest to the shared green space, to be 6'4" away from the property instead of the standard 10' as per the Town of Canandaigua building code.
