

Comments for July 10 planning board meeting.

CPN-18-035 – 0000 Hopkins road

1. Will the owner be tapping the water main or installing a well as no detail is shown for either.
2. If a water service is requested for the property a tapping fee will be required.

CPN-18-038

1. After construction of the house the apron of the driveway in the town right of way must be paved. This is a new site design requirement.
2. Contractor will need to contact highway superintendent for proper culver placement under the driveway.
