Name of Action or Project:		
2x30 detached garage construction		
Project Location (describe, and attach a location map):		
North side of 3160 Hickox Road, see attached map		
Brief Description of Proposed Action:		
Construction of a 20x30 detached garage to store equipment in. The initial plan was to build setback of 60' that could not be maintained. Owning 5 acres, I found an alternative location, is separate from the current driveway. In order to build the garage anywhere else on the proposuth site grade that is closest to the driveway is far too steep and close to the property line to substantially more money in sitework.	but it would require an access perty, an access road is requin	point from Hickox road that ed from Hickox road.
