Dear Members of the Canandaigua Zoning Board:

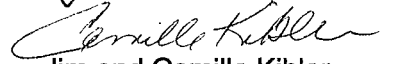

We are totally opposed to the area variance which the owner of 3345 Hopkins Road is seeking regarding placement of an accessory structure in the front yard.

The current owner has transformed this property into an **Industrial** property, neither residential nor agricultural.

This is an abuse of the neighbors and the neighborhood.

Clearly, property values have been negatively impacted by what amounts to a junkyard.

Sincerely,

Jim and Camille Kibler
