CPN #: 22-013

## ZONING BOARD OF APPEALS APPLICATION

FOR: ☒ AREA VARIANCE ☐ USE VARIANCE ☐ INTERPRETATION

Permission for on-site inspection for those reviewing application: \_\_\_\_\_ Yes \_\_\_\_\_ No

1. Name and address of the property owner: Kristina N Mauro 62 Wren Field Ln  
Pittsford, NY, 14534

Telephone Number of property owner: (585) 455-4569

Fax # \_\_\_\_\_ E-Mail Address: Wtrwks@frontiernet.net

**\*\*If you provide your e-mail address, this will be the primary way we contact you\*\***

2. Name and Address of Applicant *if not the property owner*: \_\_\_\_\_  
Marks Engineering, 42 Beeman Street, Canandaigua NY

Telephone Number of Applicant: (585) 905-0360

Fax # \_\_\_\_\_ E-Mail Address: psarkis@marksengineering.com

**\*\*If you provide your e-mail address, this will be the primary way we contact you\*\***

3. Subject Property Address: 4979 Island View Drive

Nearest Road Intersection: County Road 16

Tax Map Number: 98.05-3-9.000 Zoning District: R-1-20

4. Is the subject property within 500' of a State or County Road or Town Boundary? (If yes, the Town may be required to refer your application to the Ontario County Planning Board.)

Please circle one: YES NO

5. Is the subject property within 500' of an Agricultural District? (If yes, an Agricultural Data Statement must be completed and submitted with this application – for use variance applications only.)

Please circle one: YES NO

(Continued on back)

6. What is your proposed new project and the variance(s) or interpretation requested:  
The proposed new project is a porch addition to the existing residence. A front set back variance of 33.17' is requested for the new porch to be 26.83' from the front setback when 60' is required.

7. Have the necessary building permit applications been included with this form? If not, please verify with the Development Office which forms are required to be submitted.
8. With your completed application for an Area Variance, attach a tape map/survey/site plan, elevation of the proposed structure, and other documentation necessary describing the requested variance(s) illustrating why it is practically difficult for you to conform to the Zoning Law.

All maps, surveys, or site plans shall accurately depict the property including all existing and proposed structures, setbacks, and dimensions. *All dimensions must be precise.*

9. With your completed application for a Use Variance, attach a current survey map/site plan of the subject parcel with a detailed description of the proposed use, a statement as to why you feel this use variance is necessary, and a completed Environmental Assessment Form.
10. With your completed application for an Interpretation, attach a current survey map/site plan of the subject parcel with a detailed description of the proposed use, a statement as to why you are appealing the zoning law determination, and a copy of the zoning law determination of which said appeal is requested.
11. If the variance requested is related to signs, attach a Sign Detail Sheet, a site plan, and colored renderings of the proposed signage, and any other documentation required in Article IX (Sign Regulations) of the Town of Canandaigua Zoning Law.

*I have examined this application and declare that it is true, correct, and complete. I understand that my application and all supporting documentation will be examined by the Zoning Board of Appeals as an integral component of deliberations.*

*I hereby grant my designee permission to represent me during the application process.*

***Property Owner is responsible for any consultant fees  
(Town Engineer, Town Attorney, etc.) incurred during the application process.***

---

Please note that the **Property Owner** is responsible for all consultant fees during the review of this application including legal, engineering, or other outside consultants. Applications submitted to the Town of Canandaigua Planning Board will normally receive chargeback fees of at least five hours to ten hours for planning services including intake, project review, resolution preparation, SEQR, and findings of fact. PLEASE NOTE that the number of hours will be SIGNIFICANTLY INCREASED due to incomplete applications, plans lacking detail, or repeated continuations. Subdivision applications and larger commercial or industrial projects traditionally require more hours of engineering, legal, and other consultant review and preparation and will incur higher costs. Applications for new construction may be referred to the Town Engineer for engineering review which may include at least an additional eight to twelve hours of review time. The **Property Owner** will also be responsible for legal fees for applications submitted to the Town of Canandaigua Planning Board, Zoning Board of Appeals, or the Town of Canandaigua Development Office. Fees for engineering and legal expenses traditionally range between one hundred and one hundred fifty dollars per hour. A copy of the Town's annual fee schedule is available upon request from the Development Office or the Town Clerk's Office. The **Property Owner's** signature below indicates that the **Property Owner** understands that the **Property Owner** will be responsible for all outside consultant fees incurred as a result of the submitted application, and consents to these charges. Additionally projects approved by the Town of Canandaigua Planning Board may be required to pay a parks and recreation fee as established by the Town Board (currently \$ 1,000 per unit) if required as part of the conditions of approval.

Kristina N. Mauro

# TESTS FOR GRANTING AREA VARIANCES

## BE VERY SPECIFIC WHEN ANSWERING THESE QUESTIONS

"Area variance" shall mean the authorization by the Zoning Board of Appeals for the use of land in a manner which is not allowed by the dimensional or physical requirements of the applicable zoning regulations.  
(Town Law Section 267, subsection 1.(b)).

In deciding whether to grant an area variance, the Zoning Board of Appeals takes into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety, and welfare of the neighborhood or community. (Town Law Section 267-b, subsection 3.(b)).

To enable the Zoning Board of Appeals to grant an area variance, the applicant must present substantial evidence concerning the following topics by providing supporting evidence for each. Attach additional sheets if necessary.

- (1) Whether an undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the area variance.

No undesirable changes will be produced. The front steps are currently 27.75' from the front set back and the proposed porch is 26.83' from the front setback. This is less than a one foot difference.

- (2) Whether the benefit sought by the applicant can be achieved by some method, feasible for the applicant to pursue, other than an area variance.

No, the steps are past their usable life and need replacement soon. The front of the house is setback 35.8' from Island view drive which encroaches past the setback 24.2'.

- (3) Whether the requested area variance is substantial.

No, the variance is insignificant compared to the existing setback. (Less than one foot difference.)

- (4) Whether the proposed variance will have an adverse effect or impact on the physical or environmental conditions in the neighborhood or district.

No, as the addition and setback are both very small we feel that the proposed work will have little to no impact on the neighborhood.

- (5) Whether the alleged difficulty was self-created, which consideration shall be relevant to the decision of the ZBA, but shall not necessarily preclude the granting of the area variance.

No, existing steps are approaching the end of their usable life but yes in that the porch doesn't match the same foot print as the existing steps.
