RE: Fox Ridge 5B3

Dear Sirs/Madams:

We are writing to request permission to obtain a grading permit for the cul-de-sac lots of Fox Ridge 5B3 on Lacrosse Circle. A letter of credit is expected to be accepted by the Town Board at their January 11 meeting. We are asking for only grading and topsoil removal currently.

The final drawings are awaiting signatures due to a delay with the City of Canandaigua assisting us with the location of the watermain easement on the property. We are attaching the plans for your review

appreciate the opportunity to provide this proposal and look forward to working with you.

Sincerely
