Subject: RE: Comments for the September 16 2019

Lake Breeze Way –

Preserved open space shall not be included as a portion of a building lot and shall be contained in one or more separate open space lots. Preserved open space shall be arranged contiguously to the greatest extent practicable. Unpaved areas contained within cul-de-sac turnarounds shall not be counted within open space configurations.

We have too many issues with Stablegate... it is impossible trying to enforce conservation space that is owned by individual lot owners.
