Shawna

I am writing to offer my support for the project which my neighbor Jack and Kelly Alvermann have proposed for their property on Lakeview Lane. We believe their proposal is in keeping with the appearance of the neighborhood and will not adversely effect ourselves or our other neighbors. We recognize they are requesting variances from the Town. We do not believe they could accomplish their project without the requested variances and the conditions of their request are not self imposed.

Please let me know if you have any questions.
