Subject: ZBA application for 5265 Menteth Drive, Costich for Brovitz

Hi Eric,

Speaking as a partial owner of the property adjacent to 5265 Menteth Drive on the south (across the creek), I have reviewed the proposed plan and variance request concerning the garage/storage building at the rear of the property. Considering that several other properties in the neighborhood have accessory structures of two stories, exceeding the 16' height limit, and considering the general improvement in the appearance and quality of the proposed building vs. the existing one, I am in favor of granting the requested variances. I also appreciate the efforts the Brovitzes have made to inform and involve the neighbors in planning their redevelopment of the property.
