Thank you, Scott-

Please fill this out and scan back to me.

Be sure to put the explanation from the email into the text of the request.

Not sure we will have time to slip this on tonight's agenda. If not, we will put it on the 14<sup>th</sup>.

**Subject:** 5272 Menteth Drive Project - Approval Extension Request

Shawna:

We are working on the final technical comment for this project that involves stormwater control and are trying to balance that requirement and the associated clearing with overall site disturbance less than an acre.

It looks like we will be just over the 1 acre threshold so that triggers the need to create a Stormwater Pollution Prevention Plan which will require a little more time.

Could we get a 90 day extension for this project?

Scott
