Great, thanks for the update. He was just in to meet with me as he would like to do a lot line adjustment with the neighboring parcel (6' or so to expand the driveway). Looking at it, it won't reduce the variances by much and it will delay things so I recommended he hold off.

We do have him on next week's ZBA agenda.

Shawna,

Our client has been in contact with the Army Corp. and is coordinating the permitting himself. He has already had the limits of the wetland delineated through Diehlux LLC. We should have further correspondence we can share at our February meeting. Let me know if you have any additional questions. Thanks.

Sincerely,

Logan Rockcastle

Good afternoon-

Has there been any correspondence with the Army Corp about crossing the wetlands? It looks to have a federal designation on ONCOR.

Thanks,
Shawna

Subject: Nelson Revisions

Good Afternoon,

Please see attached, all PDF documents requested for the Nelson revisions:

We will have paper copies and a check coming down today for the most recent ZBA application that was required.

Please let me know if you have any questions.

Sincerely,

--
