Hi Rick-

Thanks for the follow-up. The ZBA did grant your variance requests. Once the formal decision sheets are issued, we will send that along.

In reference to your neighbor, thank you for the clarification but know that it is a civil dispute and held no relevance in the Board's decision making.

Have a great day,
Shawna

Subject: Town Meeting

Shawna,

Thank you very much for your input to the board.

I hope the board understand what I am putting up with Mr. Hawryschuk. I have been as nice as I can be to anyone and he over embellishes everything he talks about. Yes my son and I drove our a 3/4 ton normal truck through the easement section to drop off chainsaws, fuel and I have pictures of the the area we drove across and there is not damage.
