RESPONSE TO COMMENTS

Dear Mr. Cooper,

We have reviewed your comments we received on August 15, 2018 and offer the following responses:

1. The word Preliminary has been removed from the title.
2. The stamp and signature of the Professional Engineer has been added to the plan.
3. A signature line for the Highway & Water Superintendent has been added to the plan.
4. A separate sheet has been added to show the entire parcel.
5. The setback envelope has been added to the plan.
6. Included with this letter is the current deed which references some right of ways that are described in the older deed.
7. The ditch has been labeled as a stream.
8. The entire site is sloped greater than 10%. The cross hatched area is 15% to 25% slopes. There are no greater slopes on this portion of the property.
9. The federal wetland PSS1E has been shown on the overall plan. Please note that this project does not impact this wetland.
10. The total disturbed area was on the plan. It is listed at 35,298 square feet.
11. The area between the right of way and the edge of pavement is to be paved. This is labeled on the plan.
12. The location of utility lines and the location for access for services has been added to the plan.
