Michelle,

I talked with you earlier today about Mike Novikowski's plans to put a 10x16-foot shed down by the road for his seasonal sale of produce. I'm a neighbor at 3440 Middle Cheshire Rd and talked with Mike about his plans. I have no objection at present to his continuing to run a seasonal farm stand on his property and believe these plans sound like a positive development. My understanding is that it will improve the appearance of his property by the road, and better preserve his seasonal produce.
