Scott,

We have missed the deadline for submitting new materials for the Board to review prior to the 2/26 Planning Board meeting.

How would you like to move forward?

Eric A. Cooper

Planner

Importance: High

Mr. Nadler:

Just a further follow-up to my email of last week. We would like to respond to the Board's specific questions quickly to allow them an adequate time to review.

Thank you for your assistance,

Scott Marchant

Christian:

As a follow-up to last week's meeting, I asked that a communication/letter be prepared from the Board which lays out the remaining issues to be addressed by RG&E on their application. Please advise on when that communication might be available so that we can respond promptly and in time for the continuation of the public hearing on 2/26/19. We also plan to have an engineer present at that time to assist with the technical questions raised by the Board.

Thank you for your assistance,

Scott Marchant

Subject: RE: Town of Canandaigua / RG&E Cell Tower

Good afternoon Christian. The 2012 regulations and subsequent FCC Orders largely relate to collocation on existing structures, so I agree that it is inapplicable because this project is for a new structure. In any event, please feel free to call me if you'd like to discuss the permitting and regulatory process.

Thank you and I look forward to working with you.

Jacqui

Subject: Town of Canandaigua / RG&E Cell Tower

I am the Town of Canandaigua Planning Board Attorney. I have conducted a brief review of the Federal Telecommunications Act of 1996 as revised in 2012 and do not think it is applicable in this case. Please let me know if you have reason to believe otherwise.

Thanks,

Chris
