Eric,
Please share and record these e-mails or support/indifference from individuals who did not attend the public hearing last night. Thank you for your time I will continue to share all information and work with Cypress Creek to address and modify our plans to appease my neighbors as possible. I will also include items on public media which I feel are not reasonable and disheartening from neighbors who have attended my meetings and asked for advice on plantings and concerns but have not been willing to communicate (the Lindners, whom reside at their Canandaigua residence on the occasional weekend).

Subject: Solar Panels

To whom it may concern:

My name is Kelly Craft I am the property owner of 5980 County Road 16 in Canandaigua. We are adjacent to Travis Woolley's property. We have known Travis for several years. He has been a huge asset to the community and always looking to lend a hand when needed. We back his project 100% with putting in the solar panels on his property. If there are any further questions in relation to this project please don't hesitate to call me directly at 585-905-2297.

Thank you

Kelly Craft

Hi Travis,
I completely support the initiative to have a solar field installed at your Monks Rd farm.
I believe the solar field will greatly assist our local environment by providing a non-polluting, clean, reliable and renewable energy source to the local community.
In my view, it will also improve the assessment of our homes in the area.
I hope the board approves the build.
All the best,
Jay
