Good Morning,

In regards to Application No: CPN-21-0019, 5740 Moran Rd:

This office has not received the plans and application from the engineer regarding this property. However after brief review of the copy provided by the town; it appears that the soils and slope within the area of the proposed leach field will not require NYSDOH approval, and can be reviewed/approved through this office. The engineer needs to provide a copy to this office for review, along with application and payment.

Best,

Tyler Ohle, NYSECCP
