Town of Canandaigua Development Office,

We've completed our review of the drawing received by this office on June 24, 2020, for the above referenced project and offer the following comments:

1. The installation of the proposed water service under CR 16 will require the applicant and/or the Town of Canandaigua Water Department to obtain a highway work permit for any proposed work within a County highway right-of-way and shall pay all necessary fees & comply with all permit conditions and restrictions. Highway Work Permit forms can be found on Ontario County website at <http://www.co.ontario.ny.us/index.aspx?nid=830>.

In addition, Applicant's contractors will also be required to provide proof of insurance per Ontario County insurance schedule. Applicant must contact our office for more detailed information on insurance requirements.

Please forward these comments to the applicant and their design professionals.

If you have any questions or concerns, please contact me directly at (585) 393-2999.

Regards,

Timothy G. McElligott, P.E.
