Doug,

Attached is the response letter to the MRB project review letter.

All items are addressed and I will be forwarding the revised drawings electronically this morning and 11x17 paper copies for the meeting. If you notice anything missing please let me know.

The only item referenced that I may not have previously submitted is the dated and sealed updated property survey map of September 6th that the civil drawings and wetlands delineation boundaries are referenced from. I will drop off a paper copy this evening and I will forward the electronic file to your office.

Thank you for all your assistance.

I look forward to seeing you this evening.

Dan
