All,

Just to update you on this application. I just spoke to James who says they have not been authorized by Gerber to do a site visit and survey. They understand that Gerber was to meet with Mr. Pigeon to review what needs modification then direct BME.

It seems that right now the hold up on getting revised plans and thus approvals may be at Gerber/Pigeon.

James,

Just checking in to see the status of this application for Amended Subdivision Approval. After the meeting on 3/10, we were waiting for revised plans that the Planning Board could review.

Could you please update us on the status?
