CPN 2021-090

- No comment

marathon for Wilkin et al

CPN 2021-091

- All application materials should be signed by all property owners. Does Morrell own the Parrish St. Ext parcel?

CPN 2021-092

- I added a highlighted copy of the zoning schedule for the RR-3 zoning district. Details a detached structure can be 20ft. from side property line, but a house has to be 40ft. If the owner leaves a small gap between the house and accessory structure.. it meets code.. but once they connect them it doesn't. Does not appear logical and we have requested that the Ordinance Committee look into this further.
- I added two overlays to the project folder detailing the limitations on the property – areas of steep slopes and contours
