

Apple orchard
Small grassy area, we use for picnicking

There is also a natural swail here
& this can become very muddy, so it
is not very usable until it dries out completely

Lori Davis

apple orchard
Small grassy area where we picnic

Part of the front yard, the Pine trees
provide lots of shade & we planted them
for a natural wind break, if the fence is
put in front of them they would not
have the shade

Lori Davis

This is me Showing
"Pikkinokas Woare Golden"
a Show male, we took
Reserve Best in Show...
