Looks great
Got a call from Brennan and he changed everything we had asked for.

Subject: 4760 S. Menteth Dr. - Updated site plans

Good afternoon,

I've attached updated Site Plans, drainage calculations, fire truck movement and response letter to MRB's comments for 4760 S. Menteth Dr project. Please review and let us know if you have any concerns or questions.

Chris, if you need physical copies let us know how many and we will have them dropped off.

Thanks,

--

Mike Francisco
