---

Good morning. Due to issues we have with our current site plan we are asking that the plan application 21-094 be taken off the agenda for the 1/25/2022 Planning Board Meeting. I am not sure if the application can be tabled until the issues are taken care of or if we will have to re-apply when we are ready. Please let me know.

Thank you very much for your assistance with this.

Sincerely

Marty Gilmore
