Re: Final Subdivision Approval
Lakewood Meadows Section 9D
Town of Canandaigua, County of Ontario

Dear Eric,

On behalf of our client, S & J Morrell we are submitting plans for the above referenced project and request this application be placed on the Planning Board agenda of June 11, 2019 for approval.

The project site is Section 9D of the Lakewood Meadows Subdivision, the last section of a large multi-phase subdivision. The overall subdivision consists of 292 lots on 316.74 acres with 58% +/- acres of open space. Sections 1-8 received Preliminary Overall Subdivision Approval on July 13, 2004 as a cluster subdivision under Town Law 278. The approval included 230 lots on 255.4 acres with 131 acres of open space. Sections 9 is being developed as a conservation subdivision preserving the identified constrained lands; Amended Preliminary Overall Approval was granted on 09/17/2014. Section 9A, 9B, and 9B, currently under construction, received approval on 02/10/2015, 08/23/2016, and 07/24/2018 respectively.

Section 9D was originally approved as 15 single-family house lots. Responding to the demands of the market, 9D is now proposed to consist of 15 single family townhome units; six 2-unit, and one 3-unit buildings. Site development features in association with the proposed project include: buried utilities and service connections, signage, town dedicated roads, driveways, and storm water infrastructure, grading, landscaping, and other associated construction activities. There is no offsite utility work proposed.

Changes from the preliminary overall for this phase include: the length of Arbour Hill Drive, which remains as a cul-de-sac, is reduced by 170+/- feet. Minimum spacing between buildings has been reduced to 25 feet. No modifications to the stormwater infrastructure constructed in earlier sections is proposed; as the total impervious area is reduced revised stormwater calculations for the SWPPP were not performed, nor any other adjustments made to the SWPPP.

Going the distance for you.
