STORMWATER CONTROL FACILITIES MAINTENANCE AGREEMENT

WHEREAS, the Town of Canandaigua, having an address of 5440 Routes 5 & 20 West, Canandaigua, New York 14424 (Municipality) and ___ Diversified Equipment LLC ___ (Facility Owner), having an address of ___ 1947 State Route 332 ___ want to enter into an agreement (this “Agreement”) to provide for the long term maintenance and continuation of permanent stormwater control measures approved by the Municipality for the below named project, and

WHEREAS, the Municipality and the Facility Owner desire that the permanent stormwater control measures, as detailed on the approved project plans entitled “~~Stormwater Management and Erosion Control Plan~~”, having drawing number(s) _C100, C101, C102_, prepared by Marks Engineering and last revised _1.5.22_, (the “Plans”), be built in accordance with the Plans and thereafter be maintained, cleaned, repaired, replaced, and continued in perpetuity in order to ensure optimum performance of the components. Reduced size versions of the Plans are attached hereto as Exhibit A.

Therefore, the Municipality and the Facility Owner agree as follows:

1. This Agreement binds the Municipality and the Facility Owner, its successors and assigns, to maintain the permanent stormwater control measures depicted in the Plans (as same may be amended), which are attached as Exhibit A of this Agreement.
2. The Facility Owner shall maintain, clean, repair, replace and continue the stormwater control measures depicted on the Plans as necessary to ensure optimum performance of the measures to design specifications. If identified on the plans, the stormwater control measures shall include, but shall not be limited to, the following: drainage ditches, swales, dry wells, infiltrators, drop inlets, pipes, culverts, soil absorption devices, and retention ponds (collectively, the “Control Measures”).
3. The Facility Owner shall be responsible for all expenses related to the maintenance of the Control Measures.
4. The Facility Owner shall provide for the periodic inspection of the Control Measures, not less than once in every five year period, to determine the condition and integrity of the Control Measures. The Facility Owner’s obligations to inspect the Control Measures under this Section 4 shall commence upon the issuance of the first certificate of occupancy for the project depicted on the Plans. Each inspection shall be performed by a Professional Engineer, at the Facility Owner’s choosing, so long as such Professional Engineer is licensed by the State of New York (the “Inspecting Engineer”). The Inspecting Engineer shall prepare and submit to the Municipality within 30 days of each inspection, a written report of the findings of his/her inspection including any recommendations necessary for the continued maintenance or repair of the Control Measures.

5. The Facility Owner shall grant Right of Entry to duly authorized representatives of the Town. Upon presentation of proper credentials, duly authorized representatives of the Town may enter at reasonable times upon the premises to inspect the implementation, condition or operation and maintenance of the Control Measures. Facility Owner shall allow persons working on behalf of the Town ready access to all parts of the premises for the purposes of inspecting the Control Measures. Persons working on behalf of the Town shall have the right to temporarily locate, on any stormwater facility or Control Measure in the Town, such devices as are necessary to conduct monitoring and/or sampling of the discharges from such Control Measures.

6. Except in an emergency situation, or as permitted by Section 7 below, The Facility Owner shall not authorize, undertake, or permit any material alteration, abandonment, modification, or discontinuation of the Control Measures except in accordance with written approval of the Municipality.

7. The Facility Owner shall undertake all necessary repairs, maintenance, or replacement of the Control Measures in accordance with the recommendations of the Inspecting Engineer, except to the extent such repairs, maintenance, or replacement are made necessary by the acts or omissions of the Municipality, including without limitation offsite grading. Such repair, maintenance, or replacement shall not require the approval of the Municipality. Repairs, maintenance, or replacements made necessary by the acts or omissions of the Municipality shall be undertaken by the Municipality as its cost and expense.

8. This Agreement shall be recorded in the Office of the County Clerk, County of Ontario.

9. If ever the Municipality determines that the Facility Owner has failed to maintain, clean, repair, replace, and continue the Control Measures in accordance with the Plans or has failed to undertake necessary corrective action in accordance with Section 7 above, the Municipality shall give the Facility Owner written notice of such a default. In the event the Facility Owner fails to cure such default within thirty (30) days from its receipt of such notice, the Municipality is authorized to undertake such steps as reasonably necessary for the preservation, continuation, or maintenance of the Control Measures, to charge the Facility Owner for the reasonable expenses of such steps, and to affix such expenses as a lien against the property (including reasonable attorney fees and other administrative costs incurred in executing such a lien); provided however that if the nature of the default is such that it cannot reasonably be cured within such thirty (30) day period, then so long as the Facility Owner commences to cure such default within such thirty (30) day period, and, thereafter, diligently, in good faith and expeditiously proceeds to cure such default before the Municipality may take action under this Section 9.

10. The parties agree and acknowledge that this Agreement shall cover not only the Control Measures set forth on the Plans, but it also shall cover any alterations or modifications to the Plans that may be approved by the Municipality after the execution of this Agreement.

11. This Agreement shall be binding upon, and inure to the benefit of, the respective successors and permitted assigns of the parties. This Agreement shall not be assignable by the Municipality but may be assigned or transferred by the Facility Owner.

12. All notices required or permitted hereunder shall be in writing and shall be sent to the parties at the following addresses:

If to the Municipality: Stormwater Program Manager
Town of Canandaigua
5440 Routes 5 & 20 West
Canandaigua, New York 14424

If to the Facility Owner: Brian Cafalone
Diversified Equipment LLC
1947 State Route 332

With copies to: XXXX
XXXX
XXXX
XXXX

Any such notices may be sent by: (a) certified mail, return receipt requested, or
(b) a nationally recognized overnight courier

The above addresses may be changed by written notice to the other party. Any such notices shall be deemed effective upon receipts.

13. This agreement sets forth all of the agreements, conditions, and understandings between the Municipality and the Facility Owner concerning the maintenance of the Control Measures and supersedes any and all prior agreements and understandings between the parties with respect thereto.

14. This Agreement shall be governed exclusively by the laws of the State of New York, without giving effect to choice of laws or choice of laws rules or principles.

15. Issuance of the first certificate of occupancy or certificate of compliance for the project depicted on the Plans shall be deemed an acknowledgement by the Municipality that the Control Measures have been constructed in accordance with the Plans.

16. This Agreement may be executed in several counterparts, including by facsimile, each of which shall be an original and all of which shall constitute but one and the same instrument.

17. This Agreement may not be amended, changed, modified, altered, or terminated, except by an instrument in writing, signed by the parties hereto.

18. This Agreement is effective upon full execution by both parties.
