

Short Environmental Assessment Form **Part 1 - Project Information**

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information			
Name of Action or Project: Canandaigua Crossings			
Project Location (describe, and attach a location map): 2536 Rochester Road (NYS Route 332)			
Brief Description of Proposed Action: The project is located on the west side of Rochester Rd (NYS Route 332) immediately south of Park Side Drive. The parcel of land is 1.67 acres in size and is zoned CC – Community Commercial. Canandaigua Crossings, LLC has been marketing this property for some time; it was suggested clearing the site may increase interest in the site. The applicant had received permission to clear trees from the property – this activity was in process when he was informed that the associated stump removal required Planning Board Approval as more than 1,000 cubic yards of earth was being disturbed. This was an inadvertent oversight; work was immediately suspended until this application is approved.
