Good afternoon -

Sewer District comments on the noted applications:

CPN-21-034: Plans are under review. Plans are unclear whether a new/additional connection will be made to the private sanitary system owned by the Davidson Landing Association and/or whether a new connection is allowed under the Association's agreement with the District. District will forward information to the County Attorney for interpretation. If the intent is to abandon the current connection and combine with the new, plan approval by the District Supervisor as well as a lateral renovation permit will be required.

CPN-21-035: Discussions have taken place between the District and the developer's engineer. Preliminary plans are currently under review. Comments will be provided to the engineer.
