Thank you for sending this over, Mike.

When you do send correspondence relative to the review, please be sure to copy Michelle.

Have a great day!

Shawna

Hi Shawna,

Just FYI from the email from Greg Trost from Michelle this morning, see below from Angela Rogers from NYSDOT giving preliminary approval.

Thanks

Hi Mike,

Greg reached out to me yesterday. I did a preliminary review on both locations and it appears both signs could be converted to CEVMS.

You very well may have already asked me about these. I couldn't find anything on them but, the way things have been the last couple of years, I may have missed them.

Please send completed application packages for these when you are ready to proceed.

Let me know if you have any questions.

Thank you,

Angel Rogers

Subject: Preliminary Site Check for Lamar - Canandaigua

ATTENTION: This email came from an external source. Do not open attachments or click on links from unknown senders or unexpected emails.

Hi Angel,

When you have a chance I was hoping you could look at a couple locations for us for an upcoming application in the Town of Canandaigua. (I thought I reached out about these locations before but clearly did not haha) We are looking to turn a couple static 12x25 signs in Canandaigua into digital signs. They are both existing locations.

1. Tax ID# 56.00-0-51.000

2241 St. Route 332 - There is currently a single 12x25 static poster sign we would wish to convert into a digital cevms sign of the same size. It would be in the same area as it currently is.

2. Tax Id# 84.00-1-26-.120

4406 Routes 5 & 20 - There are currently two (2) 12x25 signs that are side by side. We would be removing one of them and converting the other one to a digital cevms sign so it would remain a single 12x25 sign in the same area.

The Town of Canandaigua reached out to Greg Trost for comment which led to this email, I truly thought we had talked about them haha that's my fault. Thanks in advance for your help!
