This office received a referral to the Canandaigua Lake County Sewer District for a sketch plan review in connection with the above-captioned application.

1. No sketch plan approvals will be given by or are required from the sewer district.
2. The subject property is not located within a county sewer district.
3. Right-of-way lines should be labeled or drawn as indicated in the legend.
4. From the Sketch Subdivision Checklist attached to the application, it's unclear to what extent utilities are to be shown on the plat. Existing utility information appears incomplete.
