Environmental Science &
Forestry

Anthony Prestigiacomo
Research Scientist, NYSDEC
and Finger Lakes Watershed
Hub Supervisor

Andy Zepp
Executive Director,
Finger Lakes Land Trust

REGISTER:

The Canandaigua Lake Watershed Forum is an opportunity to deepen your understanding of the lake's health and water quality. Co-hosted by the Canandaigua Lake Watershed Association, the Finger Lakes Land Trust, and the Canandaigua Lake Watershed Council, this event brings together regional experts in the field to share scientific insights. A panel discussion with community Q&A will follow the presentations. Learn how education fuels action and how your participation can drive protection. Explore ongoing research efforts and citizen science initiatives by CLWA, and be empowered to make a difference.
