Subject: RE: Wegman Canandaigua Residence - Pool

Please note that MRB has completed a review of the submitted revised site plans with our previous comment letter dated February 4, 2016 and the conditions of February 9, 2016 Planning Board Approval. MRB's comments have been addressed; however, the following conditions of approval remain outstanding:

1. A soil stabilization and erosion control surety estimate is to be prepared by the applicant and provided to the Town Development Office for review and accepted by the Town Board prior to the issuance of building permits.
2. The Lot Line Adjustment Plan creating the new lot for the proposed septic system leach field area on the north side of County Road 16 is to be reviewed and approved by the Town of Canandaigua Development Office and signed by the Planning Board Chairman prior to signatures being affixed to the Final Site Plans.
3. An approval from Canandaigua Watershed and NYSDOH regarding their review of the of the proposed septic system and leach field improvements is to be provided to the Town of Canandaigua Development Office prior to the Planning Board Chairman signature being affixed to the site plans.

Lance Brabant, CPESC
Senior Planning Associate

Chris:

I have attached a pdf copy of the Wegman set we sent over. Let me know if there is anything more you need.
