**Subject:** Westbrook application

Chris,

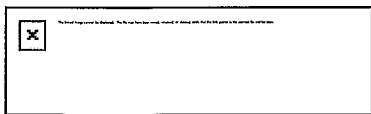

I am writing this email for my son Cory Westbrook.

I had requested of Doug Finch that I would be notified when the the hours exceeded 2 hours of engineering services by MRB and that I would sit with engineers as they progressed with their review.

Just as you requested "As I hope you can understand , engineering review time fluctuates based on each application ....is required to spend whatever time is needed to do so," I will not provide an open check book for the review of Cory's plan. What I will do is that I will make myself available to sit with the engineer at MRB as he/she conducts their review. Would you please have the responsible engineer notify me via Doug what time I should plan on joining them in their office for this review.

Thank you

**Greg Westbrook, Chief Executive Officer**
