**To:** Zoning Inspector  
**Subject:** RE: Proposed Bowerman Residence - 0000 Nott Road

Bowerman residence:

The site plan shows a significant distance to the stream reducing the potential risk of impact. The sequence of construction will be important to follow to make sure the site is protected and stabilized. Straw mulch needs to be utilized on sites that stay disturbed for extended periods of time. The driveway access needs to be stabilized and the driveway drainage ditches need to be stabilized. We will monitor the site during rain events to make sure it is not an issue. Please have the applicant verify that the disturbance will be less than 1 acre.

Please let me know if you have any questions.
