Subject: Re: Project on North Road

Good evening. I am leary of the project at 4951 north road canandaigua new york. I worry about crowdedness of the near area, more traffic , more of a load on our sewer system and most of all, THE LACK OF WATER PRESSURE ALREADY IN PROXIMITY TO SAID SITE. The water pressure right now is a joke and needs to be looked at first of all and or guarenteed of no change in writing. Come check out my water pressure and you'll verify my worries Tom northrop 4958 north road. Cdga. 585 455 0429. Thank you

Tom,

Thank you for taking the time to talk with me earlier today. Please feel free to respond to this email with comments and I will be sure to share them with the Planning Board.

The person to contact regarding water is Dave DeGear Canandaigua-Farmington Water Superintendent.
