## FIRE DEPARTMENT 2020 ANNUAL REPORT

### INTRODUCTION

The City of Canandaigua Fire Department is dedicated to providing quality, timely and professional fire and emergency services to those who live in, work in, and visit the City and Town of Canandaigua as well as the surrounding communities. We have provided this exceptional service for over 200 years and will continue to do so for many years to come.

I have the honor of leading an amazing group of dedicated experienced firefighters whose focus is to provide superior service. We will continue to work hard to achieve the highest levels of preparedness, prevention, quality customer service and community involvement through continuous improvement and training.

We offer professional and efficient fire suppression, emergency medical services, rescue services, emergency preparedness, fire prevention and public education. Firefighters protect our community 24 hours a day, 7 days a week, 365 days a year. Our Department operates with career personnel on duty in our two fire stations to rapidly deploy apparatus to fires and other emergencies, while additional volunteer and career personnel respond directly to the incident scene.

As we evolve, our community grows and matures, our mission to protect life and property from fires, accidents, medical emergencies and environmental threats has also transformed to one that is not merely limited to “traditional” fire services but to encompass all threats and hazards to public safety.

Please contact me if you have any additional questions or have suggestions to improve our services to you.

In Service,

*Frank A. Magnera*

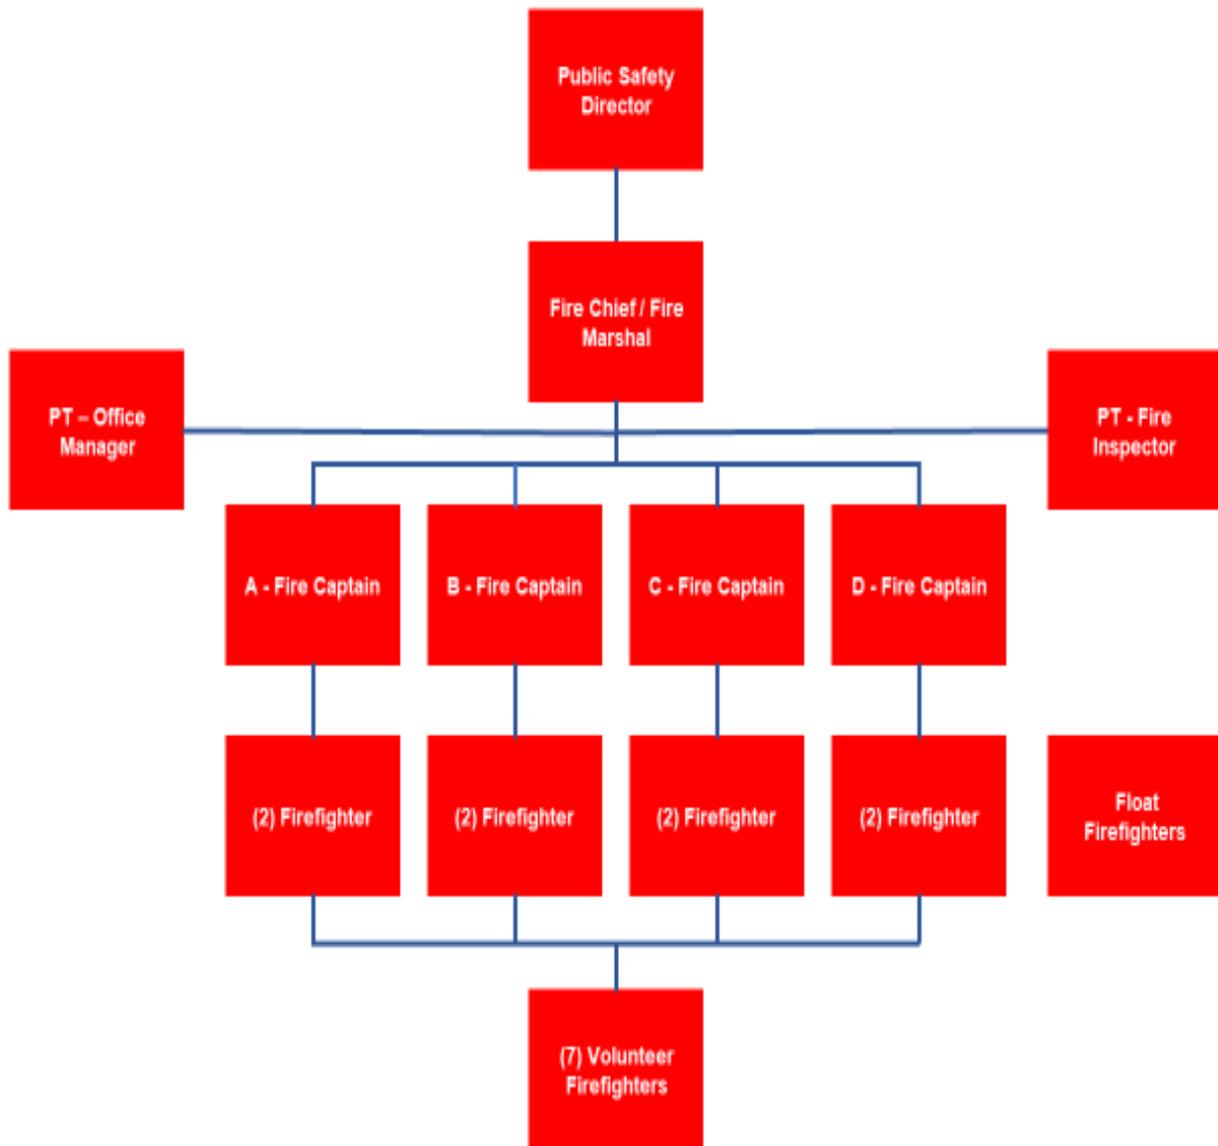

Frank Magnera, MS, CFPS  
Fire Chief & Fire Marshal

## FIRE DEPARTMENT 2020 ANNUAL REPORT

# ANNUAL REPORT SUMMARY

On behalf of the dedicated, well-trained, and professional career and volunteer members of the City of Canandaigua Fire Department, it is my pleasure to present our 2020 Annual Report for your review.

2020 was an interesting and unique year to say the least. The City of Canandaigua Fire Department responded to **1713** calls for service which includes **339** in the Town of Canandaigua contracted response area. The theme of this year's Annual Report is that total incident numbers are up slightly (3%) from 2019 and continue a 10-year upward trend.

Comparing our statistics to those nationally, Canandaigua (City & Town) continues to be a relatively fire safe community. There was an 21% increase in **total fire incidents** (69 in 2019 and 84 in 2020), but, the overall majority were confined cooking fires, cooking related fires with minimal property loss as well as outdoor rubbish fires.

There was an 8% increase from 2019 in **Emergency Medical Services** and **Rescue** related incidents which includes **Motor Vehicle Accidents**. Other common incidents CFD responded to were natural gas emergencies, carbon monoxide emergencies, and public service calls. **Automatic fire alarm** activations are down slightly again from the previous year. It is good to note, the overwhelming majority of the time, automatic alarms are not considered nuisance activations. The majority of these occurrences were either a real fire or smoke events and the fire alarm system worked as designed.

**Simultaneous incidents** remain steady in the district. In 2020, 23% of all incidents were simultaneous or overlapping, meaning, one or more incidents occurred during the same time. Simultaneous incidents can cause peak demand on the entire public safety system and stretch resources thin. These occurrences remain constant from the previous year and were up 4% from 2018.

This report, unfortunately, would not be complete without providing an overview of the Coronavirus (COVID-19) operational impacts throughout the year. This nationwide outbreak had a significant impact on all of our personnel. In March of 2020, the World Health Organization (WHO) declared the virus a global pandemic and Governor Andrew Cuomo declared a State of Emergency in New York State.

To combat the Virus, numerous changes were implemented to our department operational procedures which helped minimize the exposure to our personnel. Personal protective equipment (PPE) was reassessed and acquired to ensure the safety of our personnel and any response to the virus. Refresher training was provided to promote proper safety procedures for donning and doffing of PPE as well as how to respond to emergencies with this added protection. To minimize any interruption of service, an MOU was created with the Fishers Fire District to help cover manpower in each fire district should members become ill and an outbreak occur. Finally, decontamination procedures were reviewed and implemented in order to maintain a healthy and safe work environment in the apparatus and stations. To date, we

## FIRE DEPARTMENT 2020 ANNUAL REPORT

successfully kept the virus out of the Fire Stations and our members remain healthy as well as fully vaccinated.

I would be remiss if I did not include a big thank you to our Firefighters as well as our counterpart first responders, police and EMS, for their selfless actions and commitment during the COVID 19 Pandemic. First responders who on the front lines are increasingly vulnerable to contracting the virus.

The Fire Department is still undergoing changes and evolving. In 2018, the City and Town of Canandaigua collaborated to complete an analysis of the fire services, service delivery and fire staffing models for both communities. The analysis was completed by the Center of Public Safety Management (CPSM). CPSM issued a final report in July 2018 which included 26 recommendations for consideration. The Fire Department rapidly addressed these recommendations and put forth a course of action to implement them. The full report can be found on the City of Canandaigua webpage. The Fire Department is happy to announce that it has implemented all of the recommendations that were in their control except for the regionalization of the fire services. Adding career manpower to the Department roster is also currently being addressed. In 2020, CFD added one additional firefighter / EMT to the roster. In February, Dan Fuller transferred from the City of Salamanca Fire Department. After 16 additional weeks of intensive field training, he was given regular shift assignments and rotated into the schedule.

In April of 2020, Municipal Training Officer (MTO) and Firefighter, Bryan Kransler retired with more than 45 years of service to the community. Bryan Kransler has served the City of Canandaigua since 1975 beginning his career as a Volunteer Firefighter with the Erina Hose Company. On July 7th 1985, Bryan was hired as a Part-time Firefighter and then hired Full-time, on February 1st, 1987 and celebrated his retirement on April 29, 2020. His mentoring, training and vast experience has proven to be an enormous benefit to fellow firefighters in several ways, all of which have contributed to Canandaigua being one of the most highly skilled Fire Departments in the State.

Firefighter Ben Cramer assumed MTO Firefighter position and now oversees the Fire Training Program. As well as his duties as the EMS Coordinator, Ben is tasked with providing, coordinating and ensuring members fulfill the annual training requirements and cadet training program.

In 2020, we reviewed and updated the Departments Mutual Aid Box Alarm System or MABAS. MABAS provides emergency rapid response and sustained operations when a jurisdiction or region is stricken by an overwhelming event generated by manmade, technological, or environmental threats. Calls for mutual aid usually are the results of incident escalations as determined by the incident commander. The responses required from other Fire Departments are predefined, so a 911 dispatcher can call the appropriate resources as determined by the "run card" for such an incident. This plan outlines all appropriate alarm levels, box areas and is reviewed yearly and updated as needed.

## FIRE DEPARTMENT 2020 ANNUAL REPORT

Canandaigua Fire Department remains a leader in the delivery of high-quality emergency services. Services that include, fire suppression, basic life support first response (BLSFR), rescue services such as entanglement extrication, rope, ice/cold water rescue, open water rescue, aircraft rescue and firefighting (ARFF), confined space rescue, hazardous materials, and many other technical disciplines.

Training continues as one of our top priorities. We strive to be one of the most comprehensive, well trained departments in the State of New York. Many of our members can be found training or researching almost daily on topics such as but not limited to fire suppression, EMS, hazardous materials, specialized technical rescue, and or fire dynamics.

We continually evaluate all aspects of emergency preparedness to assure our community is properly capable to handle a vast range of potential threats and hazards. We assist businesses and organizations in reviewing their emergency preparedness plans and critique their actual "live fire drills" when requested. Additionally, our members offer portable fire extinguisher training to local businesses, at special events and to civic groups.

Our skilled Fire Prevention team continues to provide fire safety education to area schools, civic groups and the community. Ultimately, our fire prevention messages have impacted hundreds of children and adults around the area. Typically, throughout the year, CFD conducts numerous fire station tours and attends numerous community events. In 2020, the Fire Prevention Team got creative and provided fire prevention in the schools virtually via YouTube and Social Media. The team with the support of a professional Director / Cinematographer, Parker Bement, created a movie short using puppets to promote fire safety. Community Risk Reduction is a top priority and we continue to think of new ways to offer fire prevention education and risk reduction to the community.

Our part-time Fire Inspector, continues to conduct fire and property maintenance inspections as well as educate businesses in regard to code compliancy and risk reduction. Last year, the Inspection Office completed, 202 Assembly Occupancy Inspections, 107 Commercial Fire Inspections, 30 Hazard Inspections, 25 Construction Inspections, 10 COVID Health / GYM Inspections, and 113 operating permits were issued. These numbers are lower this year due to the suspension of Inspection Program during the COVID-19 Pandemic. Our Office Manager has built a new database and billing system to help streamline our fire inspection record keeping and assist with program management. Yearly, our skilled Fire Investigators conduct and lead all fire investigations to determine origin and cause of fires. CFD also conducts numerous plan and plat code reviews for building construction throughout the year.

The Fire Department continues to add the highest quality apparatus and equipment to our fleet. We are currently replacing outdated equipment and seeking new technology as well as equipment to better serve the community. Capital improvement projects and building upgrades continue in Fire Station # 1. In 2020, all administration offices were renovated and new furniture was purchased. In addition, more Technical Rescue equipment was purchased, including HAZMAT meters, ropes and rigging equipment, and PPE.

## FIRE DEPARTMENT 2020 ANNUAL REPORT

In reference to the annual report's cover photo, Tower ladder 281, one of the most important and versatile apparatus we have in the fleet, has reached its end of service life and will be replaced in 2021/2022. A committee was formed, headed by Captain Cory Masseth to design, research and vet manufacturers. In December, the truck committee selected E-ONE / REV Group to build a new 100' custom Tower Ladder. Delivery is expected sometime in early 2022.

With the support of the Citizens, Mayor, Town Supervisor, City Council, Town Board, City Manager and Town Manager and their respective staff, as well as the other City/Town departments and supporting governmental agencies, we will continue to be a model organization that prides itself on being proactive, efficient, and effective in our delivery of services.

# FIRE DEPARTMENT 2020 ANNUAL REPORT

## 2020 NOTABLE INCIDENTS

On March 31<sup>st</sup>, Canandaigua Firefighters were called to assist the Canandaigua Emergency Squad with removing an injured construction worker from the second floor of a building under construction on **Happiness House Boulevard**. Since the construction was still in the framing phase, no stairs or elevator were installed as of yet. Firefighters used our 104' Tower Ladder truck, some ropes and rigging to quickly remove the patient. Crews lowered the patient safely to the ground and into the awaiting ambulance.

On October 21<sup>st</sup> the City of Canandaigua Fire Department responded to **2567 State Route 332** for a person trapped under an overturned forklift. The person was quickly freed by firefighters.

PHOTO COURTESY OF L2098 HELMET CAM

On October 17<sup>th</sup>, at 02:47 AM, the City of Canandaigua Fire Department responded to **276 North Pearl Street** for a structure fire. An extensive fire in a wall above a fireplace was quickly extinguished. The fire loss was minimal.

PHOTO COURTESY OF L2098

## FIRE DEPARTMENT 2020 ANNUAL REPORT

On December 8th, around 3 PM, a four-vehicle motor vehicle accident including a tractor trailer occurred at **Airport Road and State Route 332**. The driver of one vehicle died at the scene and multiple victims had to be extricated by firefighters.

On December 11<sup>th</sup>, at approximately 11:45 AM, Canandaigua Fire was dispatched to **4450 Emerson Road** in the Town for the report of a Tractor on fire next to a barn. Fire Crews arrived on scene quickly and discovered a tractor on fire next to a large ~50'X150' pole barn that was full of hay and equipment. The fire had extended inside the pole barn igniting a few large hale bales and the structure. The tractor fire was knocked down quickly and with the help from the farm owner using another tractor to remove hay stacks inside the barn, the remaining fire was quickly extinguished.

# FIRE DEPARTMENT 2020 ANNUAL REPORT

NFPA 1710 requires that turnout time should be 80 seconds for fire incidents and 60 seconds for EMS incidents. Travel time to a fire suppression incident, by the initial arriving company, should be 4 minutes or less. In the majority of incidents, CFD exceeds these response times standards.

**\*Please note that some runs do not require the need to drive “Lights & Sirens” or emergency to scenes. This causes an increase in response times.**

## FIRE DEPARTMENT 2020 ANNUAL REPORT

# DEPARTMENT HIGHLIGHTS

### NEW CAREER FIREFIGHTER

In February 2020, CFD hired one additional career firefighter / EMT. Firefighter Dan Fuller pictured here rescuing ducklings from a storm drain transferred from the City of Salamanca and is a welcomed addition to the Fire Department.

### SMOKE ALARM INSTALLATION PROGRAM / CAMPAIGN

CFD continues to partner with the American Red Cross to install smoke alarms where needed in the City and Town, as well as teach residents how to prevent and survive home fires. The campaign includes:

- Canvassing at-risk neighborhoods
- Installing free KIDDE 10-year battery - Smoke Alarms
- Replace batteries in existing alarms
- Provide fire prevention and safety education

In 2020, CFD installed 20 smoke alarms in the community.

## FIRE DEPARTMENT 2020 ANNUAL REPORT

### FIRE PREVENTION GRANT

In 2020, the F.F. Thompson Foundation, Inc. awarded CFD \$1500.00 through the Mary Clark Thompson Grant program. CFD was seeking financial support for fire prevention education outreach equipment. The money was used to purchase a Laptop Computer, Projector, Portable Projector Screen, Speakers, and a Case. The goal of the project was to help bring audio visual technology in the field to places that don't have these capabilities and deliver high quality fire prevention education.

### NYS DEC FIRE ASSISTANCE GRANT

CFD was also awarded \$1500.00 through the NYS Department of Environmental Conservation Volunteer Fire Assistance Grant (VFA). The program is made possible by the Federal Cooperative Forestry Assistance Act of 1978 and US Forest Service. CFD purchased 1000 feet of new 4" rubber supply hose for Engine 211.

# FIRE DEPARTMENT 2020 ANNUAL REPORT

## COMMUNITY OUTREACH & ENGAGEMENT

Ongoing recruitment of potential volunteers and community engagement. Our team attends community events to showcase our efforts, engage with the public and attempt to recruit new volunteer members. In November, members ensured the safety of those who participated in The New York State Special Olympics Polar Plunge in Kershaw Park. Firefighters also taught the public on the proper use of a fire extinguisher at the Downtown Fire & Ice Fest in February.

***“Thank you to all of the members of this fine organization for continuing to uphold the traditions that are the foundation of the Canandaigua Fire Department. I hope our performance showcases our commitment and dedication to the citizens of our community.”***

***Chief Frank Magnera***

# CHESHIRE VOLUNTEER FIRE DEPARTMENT

2020 Annual Report

March 5, 2021

# CONTENTS

- Introduction & Overview – Chief Chris Brown
  - Mission, Vision, Values
  - 100% Volunteer Organization
  - Operations Leadership Team
- 2020 in Review
  - Covid-19 Impact
  - Call Volume
  - Response Summary
  - A Few Accomplishments
- 2021 Moving Forward
  - Further Strategic Plan Development
  - 10 Year Financial Master Plan Development
  - Health & Safety Committee
  - Pursuit of Additional Funding
- Closing Comments – Chief Chris Brown

# INTRODUCTION & OVERVIEW

## CHIEF CHRIS BROWN

- Appreciate this opportunity to share information and to let you know it is an incredible honor to lead such a dedicated team of volunteers; a team growing in numbers when many volunteer fire organizations are in the decline
- Will take a look back at “2020 in Review” and a brief look ahead to ”2021 Moving Forward”

### Most Important!

The CVFD extends it's sincere appreciation to the Canandaigua Town Board for it's affirmative “Resolution Vote” in support of our efforts to secure the FEMA Grant\* which we hope will provide:

- Critical Funding necessary to meet both the immediate Safety Equipment needs of the department but also strengthen the CVFD's ability to deliver contracted services, at an elevated level, to an ever growing and changing community.

\*Hundreds of volunteer hours were invested in the FEMA Grant development; a very detailed and thorough analysis of the department and the communities it serves; a document worthy of review and consideration.

# MISSION – VISION – VALUES

## Mission

The Cheshire Volunteer Fire Department's mission is to provide an appropriate, safe and professional response to fire, medical, water and environmental emergencies for the communities it serves and mutual aid partners.

## Vision

- Continually exceed our community's expectations to protect life, property, and the environment.
- Provide our team members with the skills, tools, and equipment to protect our community.
- Maintain a respectful and compassionate environment among all members.

## Values

Safety

Teamwork

Competency

Professionalism

# CVFD - 100% VOLUNTEER

- Active Firefighters to Perform Firefighting Duties **50**
- Active Firefighters Trained at Firefighter I Level or Equivalent **30**
- Active Firefighters Trained at Firefighter II Level or Equivalent **19**
- CVFD has grown as the community has grown into one of the busiest departments in Ontario County wherein the Active Firefighter group also includes:
  - First-Responders-EMTS
  - Special Operations Technicians
  - Cold Water Rescue Technicians
  - Rope Rescue Technicians
- Firefighters are trained to applicable NFPA standards with each Firefighter receiving over 100 hours of training per year
- The CVFD is diverse in gender, ethnicity and age

# CVFD OPERATIONS LEADERSHIP TEAM\*

## Chief Officers

Fire Chief	Chris Brown (40)
Asst. Chief	Jim Russell (401)
Asst. Chief	John Springer (402)
Asst. Chief	Phil Gibeau (403)

## Captains

Capt.	Chuck Friden (404)
Capt.	K J Miller (405)
Capt.	Cris Milne (406)
Fire Police Capt.	Brian Lyons & Ruth Outhouse

## Lieutenants

Lieutenant	Matt LaFave (407)
Lieutenant	Kenny Gerstner (408)
Lieutenant	Justin Reader (409)

\*Significant compilation of Knowledge, Skills, Abilities and Experience

# 2020 IN REVIEW COVID-19 IMPACT

- Desperate search for critical PPE early in pandemic
- Developed new protocols to protect Firefighters & Public
  - Fire Emergency Response
  - EMT/Medical Response
  - Fire Station Utilization
  - Vehicle Utilization
- Dramatically reduced fund-raising opportunities
- Unbudgeted and unplanned financial expenditures
- Modifications to ongoing training initiatives were required
- Identified decontamination resources and assistance if needed

# 2020 IN REVIEW CALL VOLUME

Mutual Aid Provided	44	40	36
Automatic Aid Provided	23	25	18
Mutual/Automatic Aid Structure Fires	23	17	16

# 2020 IN REVIEW

## A FEW ACCOMPLISHMENTS

- Ability to Attract, Retain and Development members
- Fleet mechanical assessments and repairs (aging fleet)
- New scheduled maintenance contract to maintain the fleet in a state of readiness
- PPE Cleaning, Inspections, Repairs
- Addition of a Rescue Boat...necessary to provide waterfront life safety services for an ever-increasing volume of lake and pond recreational activity
- Implementation of a greatly improved “Accountability System” designed to not only enhance fireground safety but provide for more efficient and effective fireground management
- Engine 431 Replacement Committee – many hours invested in designing a pumper engineered to meet current and future community needs
- Average Call Attendance = 7.06    Average Response Time= 1.8

# 2021 MOVING FORWARD

- Further Strategic Plan Development
  - The fire service has entered into a very competitive evolutionary cycle. Public demands continue to increase while dollars, and other resources continue to shrink. These trends place increased pressure on fire service leaders and volunteers to develop ways to be more efficient and effective. The CVFD is “up to the task” and will employ this living, working document as a “tool” to ensure the department continually meets and exceeds community expectations
- 10 Year Financial Master Plan Development
- Health & Safety Committee
- Pursuit of Additional Funding Sources

# CLOSING COMMENTS

## CHIEF CHRIS BROWN

- As attested by 2020, a pandemic year, the CVFD continues to demonstrate it is a resilient, adaptable and responsive organization focused on fulfilling its mission of **providing an appropriate, safe and professional response to fire, medical, water and environmental emergencies for the communities it serves and mutual aid partners.**
- Thank you for the opportunity to share this “look back” and brief “look ahead”.
- Questions?
